

## FORCING FIGHT INTO THE OPEN.

Rival Candidacies Are Now Thoroughly Understood.

Campaign Will Be Pushed on Definite Lines.

Roosevelt Only Willing to Run if "Compelled."

BY SUMNER CURTIS.

WASHINGTON (D. C.) Jan. 30.—[Exclusive Dispatch.]

The fact that several governors and other have come direct from the Roosevelt and made semi-official statements of his position, as indicated, and that the colored himself has given publicity to his own feelings through letters, which are being to be quoted, makes the road of action plain.

NO DANGER OF REBUTT. All the leaders of the movement have to do is to pitch in and crystallize the overwhelming sentiment which exists. There is no danger of a rebuff of the effort—no danger of a labor lost on the score of an unwilling person.

It may be asked how the Taft forces find any consolation in the state of affairs bearing on Roosevelt's attitude. The explanation involves various reasons. In the first place, it is deemed highly desirable to know just where Roosevelt stands as to be able to conduct a fight in the open. In the next place, teaching the Roosevelt declaration that he will accept a nomination only in the event of an overwhelming party demand, the Taft forces do not believe there is any such demand, either now tangible or under the surface awaiting future delivery.

Furthermore, the Taft managers, with all due respect to what the more or less authorized spokesmen for Col. Roosevelt declare, and to the statements made by the former President in letters to many persons, now are of the belief that the colored is a certain name a candidate. Not that he is seeking the nomination, as are candidates who would be entitled to a hard majority of one of the delegates in the national convention, but he is regarded as the man who will stand by the side of the colored in the movement of which he has full knowledge because the strength that has been proclaimed.

NOT HURTING TAFT. Getting back to the idea that the Roosevelt propaganda has taken hold of the most pronounced anti-Taft among politicians at the capital, we point out today that the movement had not thus far hurt Taft at all. In other words, it is the contention that so far as Roosevelt delegates in the next fight, they are delegates that would not have been for Taft even had Roosevelt been a figure in the complications. All that the Roosevelt movement has done, it is contended, has been to split or break up the general insurgent movement into sections.

FUSION PLAN REJECTED.

La Follette Crowd in Nebraska Refuses to Enter Combination With the Roosevelt Forces.

CHICAGO (Nebr.) Jan. 30.—[Exclusive Dispatch.]

In all probability there will be no combining of Roosevelt and La Follette forces in Nebraska, as no division of the State delegation, as was arranged some days ago between the leaders of each side. A number of leading La Follette boosters have declined to ratify the arrangements, which will now probably be declared off. Congressmen George W. Norris, one of those at the real heart of the La Follette movement, declined absolutely to countenance the fusion, or permit his name to be used in the field. Roosevelt delegates to the combination ticket.

In a letter to John O. Keller, head of the Roosevelt movement, Norris declared that he would not become a candidate only after an assurance that the Roosevelt movement was not to be in the race. Norris made no opportunity for the La Follette combination. He is a candidate for United States Senator in the next election, and he is a Taft supporter.

Tonight, in answer to his letter, Mr. Keller wrote Norris telling him among other things, that unless he came in line for Roosevelt immediately a Roosevelt candidate for the Senate would be placed in the field, insuring the defeat of Norris. Keller wrote Norris with Taft sentiments, instead of La Follette or Roosevelt, and says should the La Follette forces refuse to abide by the agreement to divide the delegation and support eight Roosevelt delegates, the Roosevelt men will place a full ticket in the field. Among other leading La Follette boosters who repudiate the division of the delegation is Secretary of the La Follette State Committee.

TO PLAN CONVENTION DETAILS.

DEMOCRATIC LEADERS TO MEET.

NEW YORK, Jan. 30.—[Exclusive Dispatch.]

Members of the Democratic National Committee, said today that the committee on arrangements for the national convention would meet in Baltimore next Monday. Indications, he said, were that the attendance at the convention would be the largest in the history of the party, as Democrats were more confident of victory this year than ever before. Mr. Mack had nothing to say on the Presidential situation except that he had read the Harvey-Wilson letters and found them "quite interesting."

## WILSON SAYS HIS MIND IS LIKE ONE-TRACK ROAD.

BY A. P. DAY WIRE TO THE TIMES.

NEW YORK, Jan. 30.—The New York Evening Post has sought, for the sake of justice to all concerned, to secure the publication of the correspondence between Col. Wilson and Col. Harvey. In that sense it applied to them both. Neither wished to be put in the position of giving out private letters, but both have assented to the publication, with the distinct understanding that the initiative came from the Evening Post.

The first letter addressed to Col. Harvey by Gov. Wilson is as follows: "University Club, Fifth Avenue and Fifty-fourth street. "December 21, 1911. "Personal. "My dear Col. Harvey: Every day I am confirmed in the judgment that my mind is a one-track road, and can run only one train of thought at a time. A long time after that interview with you and Marjorie Henry at the Manhattan Club, it came over me that when (at the close of the interview) you asked me that question about the Weekly, I answered it simply as a matter of fact and of business, and said never a word of my sincere gratitude to you for all your generous support, or of my hope that it might be continued. Forgive me and forget my manners. "Faithfully yours, "WOODROW WILSON."

HARVEY'S REPLY. In reply Col. Harvey wrote to Mr. Wilson: "My dear Gov. Wilson: Replying to your note from the University Club, I think it should go without saying that no purely personal issue could arise between you and me. Whatever anybody else may surmise, you surely must know that I am trying to arouse and further your political aspirations during the past few years. I have been actuated solely by the belief that I was rendering a distinct public service. "The real point at the time of our interview was as you aptly put it, one simply of fact and of business, and when you stated the fact to be that my support was hurting you, I was sure that you would not expect me to do so, by ceasing to advocate your nomination. "That, I think, was fully understood by us at the time, and I acted accordingly. I took down your name from the head of the Weekly's editorial page some days before your letter was written. That seems to be all that there is of it. "Whatever little hurt I may have felt as a consequence of the unexpected premeditation of your attitude toward me is, of course, wholly eliminated by your gracious words. "Very truly, "GEO. HARVEY."

Gov. Wilson replied under date of January 11, as follows: "WILSON EXHIBITS. "My dear Col. Harvey: Generous and cordial as was your letter written in reply to my note from the University Club, it has left me uneasy, because, in its perfect frankness, it shows that I did hurt you by what I so tactfully said at the Knickerbocker Club. I am very much ashamed of myself, for there is nothing I am more ashamed of than hurting a true friend, however unintentional. Every minute I was in my room and I have been thinking of you and of the dinner but could not get at you, and after the dinner was surrounded and prevented from getting at you. I am in town today, to speak this evening, and came in early in the hope of catching you at your office. "For I owe it to you and to my own thought and feeling to tell you how grateful I am for all the help and support of me (no one has described me more nearly as I would like to believe myself to be than you have) and how far I was from desiring that you should cease your support of me in the Weekly. You will think me very stupid, but I did not think of that as the result of my blunt answer to your question. I thought only of the means of convincing people of the real independence of the Weekly's position. You will remember that that was what we discussed. And now that I have unintentionally put you in a false and embarrassing position, you heap coils of fire on my head by continuing to give out interviews favorable to my candidacy. All that I can say is that you have proved yourself very big, and that I wish I might have an early opportunity to tell you face to face how I really feel about you all. "With warm regard, cordially and gratefully for your most handsome letter, "I have to print what I said before—that there is no particle of personal rancor or resentment left in me, and I beg you to believe that I have not said one word to anybody of criticism of you. "Very truly yours, "WOODROW WILSON."

## PRESIDENT GETS INTO POLITICS ON OHIO TRIP.

Alarming Reports of His Physical Condition Are Discredited—Meets Politicians Who Bring Messages of Strength—Chats With Harmon and Also Makes Several Speeches.

(BY A. P. NIGHT WIRE TO THE TIMES.)

COLUMBUS (O.) Jan. 30.—President Taft's second day in Ohio developed less speechmaking and more politics than did the sixteen-hour stop in Cleveland.

Alarming reports as to his physical condition that went out of Cleveland last night were discredited by both the President and Dr. Thomas H. Rhodes, the army physician who is accompanying him. The President said the only inconvenience he suffered was from his cough and from his cold interfering with his sleep.

Dr. Rhodes said that the President was recovering from a bronchial attack that could be expected to run its course without serious consequence in several days. Although his voice was still hoarse, Mr. Taft spoke today with less difficulty and coughed much less. The President arrived in Columbus early. Several leaders told the President that the movement in his behalf was gaining strength.

Today the President spoke at the Chamber of Commerce luncheon on peace and dedicated the new Federal building with a speech against the judicial recall. Tonight, at the guest of the Columbus Glee Club, he repeated portions of his speech last night to the Tippecanoe Club of Cleveland. He spent the night in Columbus and will end his trip at Akron. Of Gov. Harmon, who was a luncheon guest with the President, Mr. Taft said when he rose to speak at the Chamber of Commerce luncheon: "Gov. Harmon and I, because of our old and affectionate association, could not keep away from each other upstairs. We had a talk and we talked politics and you would be surprised to know how much personal and otherwise, we had complete agreement about. Our views of insurrection did not differ greatly; there is no difference between the old-line Republicans and the progressives of his party and said that the time was coming when the nation would demand facts." He said he had not the slightest doubt that the Republican party would carry the November elections.

MAKING SPELLBINDER.

Professor in University of Chicago Organizes Class for Course in Campaign Oratory.

CHICAGO, Jan. 30.—[Exclusive Dispatch.]

First aid to spellbinders will be given in the summer of 1912 by the University of Chicago. A course of campaign oratory will be instituted under the direction of Prof. R. H. Clark of the University of Chicago. The students will be taught to stand and how to accept the applause of the multitude with a manner of dignified appreciation.

Prof. Clark will explain the difficulties of getting two hands in one pocket in a moment of embarrassment, and any way it appears ridiculous in an unguarded minute to slip over the footlights onto the hands of unsuspecting spectators who have come to hear a speech and feel unpleasant for a scrofulic feat.

The class tomorrow will be the primer class. There will be no such questions as "What is a cat?" but there will be questions such as "Who is Robert M. La Follette?" This question will be followed by "Who is the greatest Republican in public life today?" The question will be repeated ad lib during all examinations. Accounts of the oratorical battle between Mr. Harvey and Mr. Wilson and Prof. Merriam will be text-books for some of the prospective orators, and others will be given instruction in how to identify a precinct committee man from a short ballot.

QUITS WILSON COMMITTEE. TENNESSEAN RESIGNS.

NASHVILLE (Tenn.) Jan. 30.—Robert Ewing of Tennessee, member of the Woodrow Wilson State Committee, resigned today as his reason "the extreme personal bitterness which lately has developed between my brother-in-law, Henry Waterson, and my friend, Woodrow Wilson."

Mr. Ewing has been active in Gov. Wilson's behalf some time, but soon after Mr. Waterson openly became a part of the Harvey-Wilson movement, Mr. Ewing resigned. In his letter of resignation Mr. Ewing says: "I have had no word of any nature from Mr. Wilson or from Mr. Waterson in relation to the action I took in the matter of my resignation. I have had no word of any nature from Mr. Waterson, alone in my mind, at the same time I feel that it is not right that Gov. Wilson should be represented in this immediate locality by one who is so embarrassed, hence this resignation. "Mr. Waterson has given this morning his final statement as to his view of the controversy. I suppose we may look for a like statement from Mr. Wilson. From these the public can judge."

BOOSTS FOR ROOSEVELT. POINDEXTER MAN ACTIVE.

WALLA WALLA (Wash.) Jan. 30.—In accordance with plans previously announced, Rufus Wilson, former campaign manager for Senator Miles Poindexter, has issued letters to prominent politicians of the State asking them to attend a conference at Tacoma February 22, to map out a plan for advancing the candidacy of Theodore Roosevelt for the Presidency.

Today by David H. Cox, well known in State politics, and a candidate for the State Treasuryship at the fall elections. The taking of testimony occupied all day. That it is a practice among cheap piano dealers to steal names when requested on stock plans, was asserted by C. L. Bender, president of the Bender Piano Company on the witness stand in Justice Sumnerfield's court yesterday. It was Bender's preliminary hearing on a charge of having obtained money and goods from Mrs. Laver of No. 816 North Coronado street on false pretenses.

APARTMENT-HOUSE OWNERS DECLARE BARNETT ACT WORKS A HARSHSHIP ON THEM AND SHOULD BE REPEALED.

At a meeting of fifty members of the Southern California Apartment-house Association held last evening at No. 420 South Flower street, it was decided to file suit in the Superior Court to test the constitutionality of the Barnett (tenement-house) law. It was the consensus of opinion of the members present that the law works a hardship on apartment-house proprietors and prospective builders and should be repealed. The law provides that apartment-house owners shall not rent rooms to anyone unless the room is fitted with modern cooking facilities. Violation of the law is punishable by both a heavy fine and imprisonment in jail. President Frank C. Hill of the association presided and many prominent apartment-house owners participated in the discussion.

APPEAL TAKEN  
FROM DECISION.Owens Valley Farmers Want  
Their Land Rights.Claim Department Is Ignor-  
ing Vital Clauses.Ready to Go to President and  
Even to Congress.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON (D. C.) Jan. 30.—[Exclusive Dispatch.] The Owens Valley Protective Association has appealed from the decision of the Interior Department in the matter of the acquisition of lands along the Owens River water system. The association says:

"The department is wholly ignoring the clauses in the act of June 30, 1906, which were inserted by Mr. Smith in the committee before the act of June 30, was passed. We cannot secure any recognition of our rights in any way, shape or manner."

"The cases have been pending before the department for two years, and some of them have been in the courts for two or three years, and we feel that the only way to force the issue and compel a recognition of our rights is by an appeal through you to the Secretary, with an explanation of the situation, and if necessary a further appeal to the President, and an open demand through Congress that the officials who are guilty of the charges we have preferred, shall be either compelled to obey the law or summarily dismissed."

## LORIMER MAKES ESTIMATE.

Says Fairly Lively Campaign for  
Congress Can Be Run on Ten Thou-  
sand Dollars for Brass Bands.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 30.—Senator Lorimer today concluded his testimony before the Senate investigating committee. Mr. Lorimer estimated that a candidate for Congress could conduct a "fairly lively" campaign, with brass bands, advertising and mailing for \$10,000. The salary of a Congressman is now \$7,000.

Senator Lorimer was followed by former State Representative George H. Sterling, Ill. He was asked where he got \$2500 he loaned in August, 1902, a few months after the Lorimer election.

"I guess I cannot tell offhand," he responded.

About that time, he explained, money from his father's estate came to him.

Senator Lorimer told of several incidents which he construed as evidence of hostility toward him on the part of the Chicago Tribune and the McCormack family. In 1902, he said, after having received the support of Joseph Medill in a political fight, he heard Mr. Medill had resolved to take control of the Republican party in Illinois from his home in 1903. Mr. Medill did not support Medill's candidacy for drainage trustees he understood Mr. Medill had threatened to take vengeance on him. On a trip to Iowa in 1903, he said, it was general gossip that Medill McCormack was telling what he was going to do to Lorimer.

Attorney Marble read editorials from the Tribune favorable to Lorimer when he ran for clerk of the House in 1902 and supporting him for Congress in 1904. Senator Lorimer referred to it as "left-handed support."

Failure of the Tribune to attack him in 1906 when he was a candidate for Congress was explained this way: "I considered that Robert Patterson thought that was a way to pay me back for electing him a delegate to the national convention."

TUBERCULOSIS IN ALASKA.  
HALE THE PEOPLE AFFLICTED.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, Jan. 30.—Tubercu-

losis has its grip on nearly 50 per cent. of the population of Alaska, according to the results of an investigation conducted by Dr. M. H. Foster, former assistant surgeon of the public health and marine hospital. In his report Dr. Foster declares that unless the ravages of this disease are checked by timely medical relief, the white people, as well as the natives of the Territory, will ultimately be wiped out.

## TO DEFER LEGISLATION.

Senate Committee Likely to Report  
on Exposition Legislation at Its  
Meeting Tomorrow.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON (D. C.) Jan. 30.—[Exclusive Dispatch.] The Senate Committee on Industrial Expositions will hold an executive session Thursday, when it is rumored the committee will decide not to report on any legislation affecting either exposition, neither, it is asserted, will anything be done at the next session. This is understood to be in accordance with the wishes of the San Francisco people, who do not wish to have an exposition commission added on them until near the time for the holding of their exposition. It is true that the president will not invite foreign nations to exhibit until such commission is provided, but the Secretary of War claims that "almost as good" as though not carrying quite the same weight. San Diego has not acceded to this proposition, and it is uncertain yet whether it is going through.

## JARS SENATORIAL DIGNITY.

Woman Temperance Worker In-  
forms Staid Solons They Can  
"Learn a Lot" About Prohibition.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 30.—Mrs. Mary Harris Armour of Eastman, Ga., known in prohibition circles in her own State as "the Georgia cyclone," jarred senatorial dignity today.

She told members of the Senate Judiciary Committee, in the hearing on the proposed law prohibiting shipment of liquors into "dry" States, that they "could learn a lot" and that whoever on the committee voted against the bill was "a mighty poor lawyer."

She was supported by Mrs. L. M. Stevens, president of the Woman's Christian Temperance Union, a hundred members of that organization, several Georgia women and a scattering of men.

"I don't know why we should be here at all," Mrs. Armour said, "but it is an insult to your intelligence for us to have to plead for such a law. I don't want to hurt anybody's feelings, but I am here to tell you that we have not any time to waste on you all."

Mrs. Armour and Mrs. Stevens spoke tonight at a temperance rally, and the former told the Senators she thought it would do them good if they would attend.

## CHILDREN'S BUREAU OPPOSED.

Senator Bailey Takes Rap at Women  
Who Are Interested in Politics.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 30.—The proposal for a children's bureau in the Department of Commerce and Labor to investigate and report on all matters affecting the welfare of children, was debated in the Senate today without action, and will be voted upon tomorrow.

Senator Gallinger opposed the bill as an unconstitutional invasion of private affairs.

Senator Smith of Georgia made his maiden speech in support of the bill. He said it was of vast benefit to children, without interfering with State rights. Senator Bailey attributed the bill to the popularity of the influence of women, who, he said, should confine their attention to subjects outside the halls of legislation.

The more women about the things she ought to know," he said, "the less she knows about the things we deal with on earth."

Senator Stone characterized the bill as ineffectual and involving unlimited expenditures. Senator Borah, author of the bill, said the bill was as much warranted as many of the existing government offices.

"LIE AND LOVE" IS MOTTO.  
(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 30.—[Exclusive Dispatch.] In his cell at the Sheffield-avenue station, William H. Thompson-Drummond, alleged husband of four women at the same time, today told for the first time how he makes love and wins women's hearts.

Learn to lie and to love, he said, but as for marrying—leave that for your brother. Held for bigamy and wife abandonment, Thompson-Drummond is not at all discouraged.

He is happy because all four of his alleged wives love him and he himself believes that his life rules are

responsible for it. "I just lived with them and led to them and loved them," said he today. "Marry them? Oh, no, indeed. My brother did that. A twin, did you say? Indeed he did. I've seen him and he told me all about it."

STATE LOSER CONTROL.  
(BY A. P. DAY WIRE TO THE TIMES.)

MADISON (Wis.) Jan. 30.—The Wisconsin Supreme Court declared unconstitutional today the law which sought to vest in the State all rights to water powers heretofore held by corporations and individuals subject only to lease. The court declared the law involved the wrong conception of the State's interest in the power element of navigable waters and the capacity to deal with it.

INDIANA BANK FAILS.  
(BY A. P. DAY WIRE TO THE TIMES.)

WESSING (Ind.) Jan. 30.—The Henderson State Bank, capital \$25,000, was placed in the hands of the State Bank Examiner today. Its depositors will be paid in full.

INDIAN DIVORCE WEDS.  
(BY A. P. DAY WIRE TO THE TIMES.)

Bismarck (N. D.) Jan. 30.—Maudie J. White, sister of "Chief" Bender, pitcher for the Philadelphia Athletics, was married today to William J. Parker, a Mandan, N. D. Parker is a quarter-blood and is at present chief clerk at the Ft. Yates Indian reservation. Mrs. Parker is said to be the only Indian woman who ever secured a divorce in this State. Legal separation from her husband was obtained at Devils Lake in 1908.

HUSBANDS' CURFEW NEEDED.  
(BY A. P. DAY WIRE TO THE TIMES.)

CHICAGO, Jan. 30.—A curfew law for husbands was introduced today by Edward B. Glenn, former Governor of North Carolina, in a speech here last night on the subject "The Country's Need of Strong Men and Women."

The man who stays away from his family at night is the most contemptible man to love, he said. "I wish we had a curfew law for husbands—a law that would make every husband come home from 8 o'clock in the evening until 6 o'clock the next morning. A man's place is at home with his wife, helping to train the children in the way they should go."

## CLAIMED BY UNCLE SAM.

Government Prepared to Resist  
British Claim to Island of Palmyra,  
in the Pacific Ocean.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, Jan. 30.—There is every indication that the American State Department will resist any attempt of a British syndicate or of the British government to assert sovereignty over the Palmyra Island, in the Pacific Ocean. The United States and Great Britain may have to submit to international arbitration the question of sovereignty.

The State Department today notified the Hawaiian Supreme Court, who was much disturbed over the report that Great Britain was about to claim title.

The government has undertaken a division which thus far has disclosed that while existing claims show the island to be British by virtue of its annexation in 1857 by Capt. Nicholson of the gunboat Albatross, the island had previously been annexed to the Hawaiian Kingdom in 1852, and the commission appointed by President McKinley in 1897 to take over the Hawaiian Islands, in that year annexed to the United States, specifically included Palmyra Island as part of Hawaii.

The Hawaiian Islands, in that year annexed to the United States, specifically included Palmyra Island as part of Hawaii.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

### Pasadena. WILL PROTECT THE TRINITY.

#### Pasadena Mass Meeting De- clares Its Sentiments.

#### Asks that Incinerator Be Built in Country.

#### Ten Thousand Dollars Dam- age Wanted by Driver.

PASADENA, Jan. 31.—After a dozen different plans and schemes for the solving of the garbage incinerator problem had been proposed and discussed, the following resolution was adopted by a majority at the mass meeting held last night at the Board of Trade rooms:

"Resolved, That it be the sense of this meeting that the garbage incinerator be located outside of the city limits of Pasadena, Alhambra or South Pasadena."

A committee composed of Walter Raymond, J. D. Daggett and J. C. Brainerd was appointed to present the resolution to the City Council of Pasadena at the next session.

Former Judge G. A. Gibbs presided at the meeting, which was attended by about 150 residents of Pasadena, South Pasadena and Alhambra. Mayor Thum of this city, Mayor Wallace of Alhambra and members of the Inter-city Committee of Eighteen were there. Many differences of opinion were expressed.

E. H. Lockwood of Pasadena urged the erection of the proposed incinerating plant in the San Gabriel wash and thought the garbage should be collected at night.

Mayor Thum stated that six weeks ago it had been decided to determine upon a site before the election, but that it is perhaps an impossibility. That is a thing to be learned.

"If the people want it in the city they should have a chance to put it there," he said. "The Council is hardly in a position to endorse or oppose the resolution. It is not fair to ask the Council to do anything tonight."

"For the last six or eight weeks I have done nothing but work for the city," said Councilman Rhodes, "and for the benefit of Alhambra. It would not be right to ask the Council to take sides tonight."

Councilman Jordan of Alhambra declared that the trouble was that Pasadena was not working together.

William Easterbrook wanted the incinerator on the city farm if it is erected outside of the city.

John D. Reavis, chairman of the Committee of Eighteen said that municipal questions were never settled with hot air.

Mayor Wallace of Alhambra, urged action. "It is all right to come here and hear," said he, "and talk about hauling garbage through the streets of Alhambra, but when the time comes you probably wouldn't do it. Not if Alhambra could prevent it anyway."

Many others spoke and stereoscopic views of various incinerators were exhibited.

A meeting of the Committee of Eighteen was held immediately afterwards. It is probable that the committee will go to Los Angeles today to confer with Mayor Alexander concerning the incinerator on Main street.

The next meeting of the committee will be held next Friday night at Jacobs Hall in South Pasadena.

HASTENS TO BEDSIDE.  
Charles D. Callery, millionaire owner of the Dugan Packing Company, is out of office, as he declares he is seriously ill at his home, No. 433 South Grand avenue. A brother, James D. Callery, president of the Pittsburgh Traction Company, is hastening to the city and is expected to arrive at noon today.

Callery became ill a week ago while in Covina and his condition has grown steadily worse. He is one of the wealthiest and most prominent residents of Pasadena.

COUNCIL PROCEEDINGS.  
If Dr. W. A. Boucher, city veterinarian, is ousted from office, as he declares he is soon to be, his successor will probably be Dr. A. H. Hunt, an Iowa, and graduate of Ames and Wisconsin colleges.

The first move looking toward the supplying of Boucher was taken yesterday, when an ordinance was introduced by Councilman Chaffee defining the duties of city veterinarian and providing that the incumbent shall devote his entire time to the performance of the duties of the office.

Councilman Fogt opposed the ordinance, which, however, was passed upon first reading.

There are different kinds of falls from water wagons, and Charles S. Davis' fall was of the realistic, and not the metaphorical kind. Yesterday he made a formal demand upon the city for \$10,000 damages which he alleges he sustained September 8, last.

Davis was then in the employ of J. W. Ritzman, who had a contract to sprinkle the city streets, and claims that the wagons provided for the

purpose were unsafe. He sustained a broken leg and other bruises in the accident. He maintains that it was the duty of the City Superintendent of Streets to have seen that safe wagons were used.

Councilman Fogt yesterday introduced an ordinance calling for the widening of Broadway between Holly and Walnut streets.

Action upon the proposed amendment of the traffic ordinance was deferred for two weeks.

The Council yesterday awarded the city printing contract for the coming year to the Pasadena News.

HILL COMES IN HANDY.  
A hill is not always a thing to be complained of because the new buildings of the Polytechnic High School are to be built on a slope it will be possible, with a slight change of plans, and little additional cost, to construct eight additional rooms in each wing, adding facilities for 500 more pupils.

The Board of Education at a meeting held yesterday took advantage of the character of the ground and changed the plans accordingly.

Sir Wilfrid Grenfell is expected to arrive in Pasadena, accompanied by Lady Grenfell, next Saturday. While in the city he will be the guest of Arthur H. Fleming of No. 1093 South Orange Grove avenue.

The ponies which will be ridden by members of the English, Coronado and Canadian polo teams in the coming tournament are expected to arrive in the city today. There will be a veritable herd of them. The members of the teams themselves are expected to arrive tomorrow.

John L. Harrington, bridge expert of the Kansas City firm of Waddell & Harrington, designers of the plans for the proposed new Colorado-street bridge across the Arroyo Seco, arrived in Pasadena yesterday. He will hold a conference with the city officials relative to small changes in the plans that have been suggested.

Mayor Thum will speak at a meeting of the Woman's Civic Club, next Monday upon the subject of the coming incinerator bond issue.

Eagles Will Dedicate New Temple of Pleasure With a Benefit Performance at Redondo Beach.

REDONDO BEACH, Jan. 30.—The new Art Theater will be opened tomorrow night with a benefit performance given by the local order of the Fraternal Brotherhood of the Eagles. The programme which is under the direction of Art Phillips, will be composed mostly of local talent with a few exceptions.

Los Angeles and DeMarost and Doll of that city. A. L. Walton will be interlocutor and the end men will be Dr. H. E. Hancock, S. D. Barker, Ernest Christian, Bill Clarke, Charles de la Grange, Richard Clark and Jack Charters.

Special arrangements have been made for the members of the Eagles from Los Angeles and Santa Monica to reach Redondo and it is supposed that two special cars will arrive from each place. Two shows will be given, the first performance beginning at 7 and the second at 9.

SHOWS IMPROVEMENT.  
Lorin J. Perry, who was taken ill very suddenly last Thursday night at his home on Pacific avenue, and who has been in a very critical condition since, shows some improvement today. Two special cars will arrive from each place. Two shows will be given, the first performance beginning at 7 and the second at 9.

TEACHER ENGAGED.  
Miss Mercy W. Sanborn of Chelsea, Mass., this morning accepted by telegram the position offered her by the school board as teacher of manual training in the Polytechnic high school.

Miss Sanborn will accept the first of next week to take up her work.

LOSERS PROPERTY.  
W. L. Porterfield, who some years ago bought the Westminster site below the bluff, just west of the pier, and expected to improve it with a sixteen-story building, has lost half of it, his redemption option expiring at noon on Saturday.

The property now belongs to George W. Hughes and George Liscom. The property is seventy-seven feet wide and has frontages on both sides of the pier and on the pier. Porterfield still has until March to redeem the north half of the property and has no more than a \$45,000 equity in it. He hopes to make arrangements to save this part.

FREIGHT CHANGES.  
The threatened switching trouble from the Pacific Electric to the inner harbor of freight sent over the Southern Pacific has been averted by the Pacific Electric changing its freight schedule so as to receive the transferred freight on its switch a few moments after it is delivered.

MODERN SURGERY.  
Frank Chapman, the aviator, who was accidentally shot while hunting three weeks ago, and whose injured leg was saved by modern surgery methods, was taken home from the hospital yesterday. While he will not be able to use his injured leg for some months, he will be able to get about in a wheeled chair. In about four weeks the surgeons expect to successfully graft new skin on the injury.

Pomona Park Superintendent Plans The Illumination of Huntington Boulevard and the Park.

POMONA, Jan. 30.—Under the direction of Park Superintendent Paige, fifteen cement lighting posts have been completed for the underground lighting system at Ganesha Park. These posts extend from the Huntington Boulevard entrance to the park up to the drinking fountain and as funds become available the system will be continued through the park and up the hills until the entire park is lighted.

The annual meeting of the Pomona Investment Company was held last evening at the office of the company. The reports of the officers showed a successful year's business and directors were elected as follows: Ira Lee, H. C. Shepherd, M. H. Potter, W. A. McCormick, R. M. Davis, A. P. Nichols and F. J. Dyer.

Twenty-five Knights of Pythias, members of Nero Lodge of Chino, night lodge of the city, attended a meeting of Astoria Lodge, bringing two candidates with them for initiation into the mysteries of the order. A banquet was served after the ceremonies.

E. L. Durham and F. W. Ritter of this city, have been elected president and secretary, respectively, of the College Heights Water Company.

### Long Beach. JAYHAWKERS TAKE THE TOWN

#### Seventh Annual Picnic Held at Long Beach.

#### Seafaring Men Tell Story of Thrilling Escape.

#### Railway Meets the Demands Relative to Freight.

LONG BEACH, Jan. 30.—Bright sunshine and warm weather greeted the Jayhawkers of Southern California, who came to Long Beach yesterday for the seventh annual picnic of the association. At noon Eugene Lockwood, chief badge dispenser, announced that he had just disposed of the last of 1000 badges and there were hundreds still clamoring for the bit of yellow ribbon emblematic of the sunflower color of the State.

Conservative estimates placed the attendance at between 1500 and 1800 people, and probably the most successful occasion ever held under the auspices of the association.

Basket dinners were spread on long tables in the sun parlor at noon and seventy-five gallons of coffee were brewed and disposed of, former Jayhawkers between gulps and bites of fried chicken rehearsing the days of old.

A special feature of the menu was a big fruit cake baked in Colby, Kan., for the picnic by the wife of Senator Charles Beauchamp and brought to Long Beach by Harry Solenberg of this city, who stopped at Colby on his way home from a six-month tour of Europe. It was dealt out in good bites as long as it lasted and thoroughly enjoyed as a bit of real Kansas cooking from Kansas material.

The municipal band gave a concert of popular airs. After the dinner there was a short programme of speaking. President George Hamlin introducing Rev. Frank Otto of Los Angeles, formerly of Coffeyville, Kan., and George Overmeyer of Los Angeles, also an ex-Jayhawker.

One of the oldest Jayhawkers in point of years was the father of President Hamlin, 84 years of age, formerly of Paoli, Kan., but now of Kansas City, Kan., and who is visiting his son's family for the picnic.

The picnicers left early in order to attend the celebration tonight in Los Angeles in recognition of the admission of Kansas to the Union.

THRILLING TALE.  
The launch flyer returned home from San Nicholas Island today bringing a story of the narrow escape from drowning of Oscar M. Brown, one of the employees of the E. Linton Company, who owns the shell and pearl concessions on the island. Brown was recently made foreman of the company and went over to take charge. For five days the surf was so strong that the flyer found it impossible to make a landing. This was finally effected Saturday and then three men, including Brown, made a second trip to the launch, but a heavy sea caught the ship and a he roller caught Brown and carried him overboard and under the boat. When he reappeared the men on shore threw him a rope and he was pulled ashore unconscious but came around after drastic measures had been resorted to.

## NEWS IN BRIEF.

**Habit of Sinal Congregation.**  
Dr. R. Farber, well-known orator and scholar, Vancouver, B. C., was elected Rabbi of Sinal Congregation Monday night at the general election held in the assembly rooms.

**Funeral of Lieut. McClellan.**  
The funeral of the late Lieut. McClellan, U.S.A., detailed as military instructor in Harvard School, and who died Monday, will be held in the Pierce chapel, South Flower street, this afternoon at 2 o'clock, by Bishop Johnson.

**Fractious Horse Injures Woman.**  
Miss Margaret Sudduth of No. 154 East Avenue Fifty-three was knocked down by a fractious horse-driven by Dan Tilling of No. 2441 Porter street, at Fifth and Main streets, yesterday afternoon. The woman's facial cuts and bruises and badly cut hair were treated at the Receiving Hospital. The horse was so frisky, Long said, that it was all he could do to manage him. He declared he did not see Miss Sudduth at the intersection. The first intimation he had that anything had happened was when someone shouted to him that he had knocked a woman down.

**Suspected Highwaymen.**  
Two men giving the names of M. J. Madigan and James Brennan were arrested yesterday afternoon on suspicion of having held up and assaulted E. J. McGlynn, a well-known business man, who was standing at the bar in a saloon drinking when he was approached by three men, who took \$15 out of his pockets. As they started to leave one of the trio struck McGlynn a powerful blow in the face, almost knocking him to the floor. One of them escaped.

**Special Agent Coming.**  
B. D. Townsend, special assistant of Atty.-Gen. Wickersham, who has in charge the preparation and filing of the oil lease suits against the Southern Pacific Railway, will be in Los Angeles February 10, to begin the fight. The company's action to be started by Townsend will cover more than 50,000 acres in the heart of the Kern county oil territory. It will embrace all of the mineral sections patented by the United States to the Texas Pacific Railway, now known as the Southern Pacific, and its value is high in the millions.

**Death Takes Mrs. Montgomery.**  
Word was received yesterday from Brantford, Ontario, Can., that Mrs. Catherine Dane Montgomery died Monday evening. Mrs. Montgomery visited her son, James, at George Montgomery, for many winters, from 1895 to 1908. She was well known to many residents of Los Angeles, and to the members of Immanuel Presbyterian Church. A woman of great active personality, bright and cheerful under all circumstances, her life was an inspiration to all her acquaintances. She passed away suddenly from heart failure, at the age of 63 years and 24 days. The funeral will be held tomorrow at the family home in Brantford.

## Public Service: City Hall, Courts.

## SUMMARY OF THE DAY.

The Mayor named C. E. Richards to succeed Stoddard Jones on the Harbor Commission yesterday.

Opening of San Pedro street and its ornamental illumination proposed to Council by petitioners.

A Spokane woman, who asserts that her husband forced her to marry him under threats, and sought her money rather than herself, is making a fight in the Superior Court to have the marriage annulled.

At the City Hall.

## MAKE SAN PEDRO A NEW STREET.

PROPOSED THOROUGHFARE TO THE SEA FROM PLAZA

Planned, Also, to illuminate from Plaza to Jefferson Street with Ornamental Electric Lights—Mayor Names Richards Harbor Commissioner.

Proposed improvements of San Pedro street, which reached the Council yesterday, are intended to make that street one of the leading ones of the city's commerce and traffic, should they be carried out.

Petitions were filed for opening the street at both ends to the full width of the street as it exists. At the north end the petitioners asked that the street be opened from Plaza street to the Plaza, thus bringing another street to this point. It is the belief of the petitioners of this improvement that the land taken for the opening can be paid for by the vacation of what is called "Nigger alley" to the property owners abutting. The street itself would be such a benefit to the property that little other compensation is demanded.

The second project is to open San Pedro street from Vernon avenue to the point where it would connect with Main street. This would make a continuous additional thoroughfare from the Plaza to the harbor highway and offer many advantages in the solution of the transportation congestion problem.

Both petitions are largely signed by property owners affected.

The third project is more easy of accomplishment and affects the street as it exists now. It is proposed, by petition, to install ornamental electric lights on the street from Plaza to Jefferson street, thus making the longest continuous system of ornamental lighting in the city.

The opening petitions were referred to the Streets Committee, and the lighting petition to the Light Committee.

## COMMISSION FORM.

NEW CHARTER PROJECTED.

The first step toward the submission of commission form of government to the electorate of Los Angeles was taken by the Council yesterday, when it referred Councilman Reed's resolution proposing a new charter to the Legislation Committee for investigation. It is expected that committee will set on the resolution tomorrow and recommend to the Council. The step is taken to meet the coming of the National Municipal League in June by which time it is hoped to have the city's tentative draft ready for discussion by that convention, to which some of the most advanced students of municipal government will come.

The Reed resolution follows:

"Resolved, that the president of the Council appoint a committee of three members to prepare a redraft of the city charter, with a view to providing for the commission plan of city government; and that said committee is hereby authorized to call to its aid a committee of the representative citizens to assist in the work of preparing a redraft of the charter; and that such joint committee of councilmen and citizens be, and hereby is authorized and instructed to prepare a preliminary or tentative redraft of the city charter and have the same ready to present to the National Municipal League, which is to meet here in June; and that the said joint committee assisted by the National Municipal League delegates shall prepare a final redraft of the charter to be presented for appropriate action."

The Council also appropriated the \$2500 asked by the Municipal League to defray the expenses of the committee that is soon to visit Los Angeles to study governmental conditions.

## RICHARDS CHOSEN.

HARBOR COMMISSIONER.

The Mayor announced the selection of Charles E. Richards, of the Richards-Neustadt Construction Company yesterday, as the member of the Harbor Commission to succeed Stoddard Jones, who resigned three weeks ago. Because the deputy clerk of the Council would not read the Mayor's message the Council did not confirm the appointment, though it was prepared to do so.

Richards has lived in Los Angeles more than twenty years, and has lately devoted his energies to concrete construction. The firm of which he is a member has erected many of the concrete structures in Los Angeles.

## Municipal Newspaper.

The Municipal Newspaper Commission, composed of George H. Dunlop, H. S. Wheeler, Jr., and T. P. Gerzon, were sworn into office yesterday and will hold their first official meeting Monday evening at 7:30 o'clock in their rooms in the City Hall annex. Dunlop was elected chairman and Wheeler temporary secretary. The commission announced that it has not selected any subcommittee and that it will not be able to issue the paper before April.

Topham Starts Trouble.

Councilman Topham's resolution providing for the transfer of all oil inspection and analysis from the office of the City Engineer to the Oil Inspector was referred to the Supply Committee yesterday. Thereby hangs a tale with a prospect of trouble later on. Topham intends to gather into the City Engineer's office before many weeks pass and this resolution is his first step toward an investigation of that department. But it also seems to be a step into trouble and to Councilman Betkowski's toes. A year ago Betkowski tried to have Oil Inspector Blackmar's office abolished and the work transferred to the engineers. After an ill-tempered fight in the Council, Betkowski finally gave up. Now Topham's proposal is sent to Betkowski's Supply Committee, but it is understood McKimble and Langdon

Charles E. Richards, Appointed to Harbor Commission.

of that committee are friendly to Topham's idea.

To Sell Aqueduct Property.

An ordinance authorizing the Board of Public Works to sell aqueduct personal property of a value in excess of \$500 without permission of the Council was presented to that body yesterday morning. It will permit the sale of useless aqueduct material without the red tape of delays through the Council chamber.

At the Courthouse.

## SEEKS RELEASE. UNION FORCED.

WOMAN ASSERTS SHE MARRIED UNDER THREATS.

Disputes All Doubts as to Her Soundness of Mind When on Witness Stand She Tells How She Was Wooed and Won—Says Husband Wanted Property.

All doubt as to the soundness of mind of Mrs. Margaret Armstrong Howell of Spokane, whose secret marriage in San Diego formed the most sensational feature in her hitherto placid career, was dissipated yesterday when under a severe cross-examination, she answered clearly and lucidly, denying she had desired to be married. Judge Rives will decide today whether or not a guardian should be appointed.

Mrs. Howell's mind appeared as clear as a bell. She tore into ribbons her husband's story of elopement, and stated that she succumbed to his pleadings when he threatened to kill himself and leave a note on his breast which would state that he had died because Margaret Armstrong had failed to keep her promise.

At the time the marriage was performed she was sick, weak, and did not realize what she was doing. When they reached Los Angeles on their return trip she left him.

These facts are set out in a suit she filed yesterday asking that the marriage be annulled. Howell, who contested the appointment of a guardian, will also fight the annulment suit.

According to his own testimony, he has been in the business of making mining men. Before marrying Mrs. Armstrong he had had three wives.

It was not for love of her that Howell wanted to marry her, Mrs. Howell stated in the complaint for annulment, but because he wanted to gain control of her property. She recited that he began to make love to her and to seduce her, claiming that she never intended to marry, and that she was wedded to her business, which was a profit flower trade in Spokane. This business, she says, Howell sold as her joint property for \$10,000 when it was worth \$20,000. Mrs. Howell is staying with a niece in this city.

RELATIVES FIGHT WILL.

UNDUE INFLUENCE CHARGED.

An attempt to break the will of Mrs. Elmina L. Stone and a suit brought yesterday to cancel a deed given by Mrs. Stone, promise to furnish lively proceedings in the Probate Court. The litigants are the niece and nephew of the deceased woman, who charge that in making her will their aunt was unduly influenced. The estate is approximately worth \$50,000.

Mrs. Stone was the widow of Corlies P. Stone, a pioneer of Seattle, and at one time Mayor of that city. He died in September, 1906. The widow passed away in Pasadena, January 3 last. Her will dated June 11, 1905, and a codicil dated April 26, 1908. The petition for the probate of the will was filed by Edward H. McPherran, whose wife, Florence Kilbourne McPherran, is a niece of the deceased.

Mrs. Stone received one-half of her husband's property, and also was provided for under the will. Mrs. McPherran received a large bequest. It seems that Mrs. Stone before her marriage lived with Mrs. McPherran's mother in Chicago and became as attached to Mrs. McPherran as though she were a daughter.

When Stone died the McPherrans brought Mrs. Stone to Pasadena, and it appears that Mrs. McPherran invested her legacy in a home for her aunt. When it was thought desirable to have a larger house, Mrs. Stone, they assert, told them to go ahead and a new home was provided. Mrs. McPherran having a half interest in it.

and J. Wiseman McDonald the contestants.

ALERS ACCOUNTING.

LANDS SOLD IN MEXICO.

A witness in the suit of the Title Insurance and Trust Company against the Southern Development Company, received by Judge Bordwell yesterday for evading a direct reply.

This suit, one of the many angles in the litigation of the Southern California Development Company, brought with sharp interrogations. The Title Insurance and Trust Company alleges that the Southern Development Company, as trustee for the bondholders of the California Development Company, is also evading a direct reply.

It is intimated by the trustee for the bondholders of the California Development Company that the Southern Development Company is evading a direct reply to the question of the control of the Mexican Company and the Mexican Company's receiver, Amador.

THE INTERIOR COURTS.

JUDGE CENSURES POLICE METHODS.

ASSERTS TRAPS ARE LAID TO SECURE EVIDENCE.

In Their Campaign to Drive Undesirable Women from City, Police Must Obtain Corroborative Evidence from Persons Not Connected With Department.

Police Judge Frederickson ruled the use of City Prosecutor Eddie and the indignation of certain members of the police force when he ruled yesterday in the case of Minnie L. O'Brien that in proving a house to be of ill-fame, the arresting officers must have corroborative evidence from disinterested persons.

"There have been too many of these arrests where the only evidence is that of the police," declared the court. "Frequently it is impossible to secure evidence other than that of the arresting officers can give," spoke up Eddie.

"The police should not make so many arrests on such an insufficient evidence," asserted the Judge.

"They should content themselves with making fewer arrests and having a sufficiency of proper evidence."

"Why, your Honor," interposed the City Prosecutor, "the police can't close these places if they have to depend on outside assistance. If the officers among themselves have evidence I should think that would suffice."

"You can't make a place a house of ill-fame just because one woman may be caught violating the law. Persons in the neighborhood must have reason for believing that the house has a questionable reputation. It does not prove a house to be of ill-fame just because a woman is caught in a trap set by officers. Make fewer arrests, if necessary, but have more evidence of the corroborative kind."

Mrs. O'Brien was discharged. The only evidence against her was that furnished by police officers who set a trap for a woman who said was working for her.

IN BROTHER'S BEHALF.

PLEADS FOR EERING YOUTH.

When Frank Burrows was arraigned in the Police Court yesterday on a charge of having attempted to commit a hold-up, he had a fair champion in the person of his sister, Burrows confessed in open court Monday of having attempted to engage in the hold-up business when arrested Saturday night at Eighth and Beacon streets. Judge Chambers asked that the father of the young man be in court, the defendant declaring he was prompted to steal because his mother was sick, his father could not find steady employment, and he could not make enough money to support the family.

"Mother is sick in bed and father is home with her, so I came," said Miss Burrows.

Her voice shaking with suppressed emotion, the sister told her brother, being a good boy when not in the company of the two other lousy inmates who were with him Saturday.

"He always gave me the most of his wages," declared the girl.

After Judge Chambers had sentenced the boy to five days in the City Jail, to give the officers of the lone institution time to come and get him, Miss Burrows entered the dock where her brother was and held a long conversation with him.

Warren Arnold, the escaped lousy lad, who said his home is at Fresno, declared it was he who planned the hold-up. Burrows made the same declaration to the court. Arnold was also held for the lone officers.

KNEW HIM. Judge Murphy, of Mono county, who is sitting in Judge Wilbur's department, looked keenly at A. B. Merriam of the Caspar Lumber Company when he entered the courtroom yesterday, and when an opportunity occurred, called him by name.

Merriam was astounded to find that the strange Judge knew him. It seems that they had been warm friends in Berkeley in 1897, and had not met since. A

long chat over old times followed in the Judge's chambers.

WANTS BANK APPOINTED.

Former Judge Hervey applied in the Superior Court yesterday to have the Los Angeles Trust and Savings Bank appointed executor under the will of Samuel W. Little, who died January 30, 1911, leaving an estate valued at \$400,000.

William H. Avery was appointed executor under the will, but he died on the 20th inst. Several of the heirs then desired to have the bank act in the matter.

JUDGMENT FOR PLAINTIFF.

Caleb Chamberlain yesterday was awarded judgment for \$2000 in Judge Dooling's court, in his suit against the Southern California Edison Corporation and J. A. Lightship for injuries received April 15 of last year. The evidence showed that a machine owned by the Edison company was hauling by a twenty-one foot rope an auto belated to Lethbridge in spring street, Chamberlain tripped over the rope and fell.

DAMAGE SUIT.

William C. Muller, executor of the estate of Emil J. Muller, filed suit yesterday against the City of Pasadena for \$25,000 damages for the death of Muller, who was burned while turning on the electric light in his garage, No. 222 South Catalina avenue, February 1 last, and died ten days later.

Judgment was awarded Daniel Newhart in Judge Child's court yesterday for commissions amounting to \$2000, on the sale of bonds of the George K. Porter Company.

REAL BOGEY IS WATER MENACE

West Side Wells Threatening Other Properties.

Commissioner Is Powerless to Do Anything.

Oil News of Interest from Fields of State.

The seriousness of the water menace to the Westside oil fields of Kern county is brought home to the operators and authorities by the condition of two wells of the Maricopa district according to recent report. Because of the insolvency of the oil companies whose leases the wells in question are located, and the lack of necessary funds at the disposal of the water commissioner, no one is able to do the work which, if much longer neglected, threatens to ruin the properties of other companies.

The wells in question are the Corcoran Consolidated on section 22, 11-25, and the Maricopa Consolidated on section 22, 11-23. The property of both companies is under attachment by the sheriff, and they are in financial straits. The Sheriff of Kern county gave permission for the Corcoran to make use of its equipment because of the condition of its well, but it is claimed the drilling tools were used for work on other property and nothing was done to remedy the condition of the Corcoran well. This well is flowing from 100 to 200 barrels a day of an emulsion of oil and water.

## REAL BOGEY IS WATER MENACE.

West Side Wells Threatening  
Other Properties.

Commissioner Is Powerless to  
Do Anything.

Oil News of Interest from  
Fields of State.

The seriousness of the water men-  
ace to the Westside oil fields of Kern  
county is brought home to the oper-  
ators and authorities by the condition  
of two wells of the Maricopa district,  
according to recent report. Because  
of the insolvency of the oil companies  
whose leases the wells in question  
are located, and the lack of necessary  
funds at the disposal of the Water  
commissioner, no one is able to do  
the work which, if much longer de-  
layed, threatens to ruin the prop-  
erty of other companies.

The wells in question are the Cora-  
tion on section 4, 11-23, and the  
Maricopa Consolidated on section 25,  
11-23. The property of both com-  
panies is under attachment by the  
sheriff, and they are in bad financial  
shape. The Sheriff of Kern county  
has permission for the Cora-  
tion to use of its equipment because  
of the condition of its well, but it is  
noted that the drilling tools were used  
on other property and nothing was  
done to remedy the condition of  
the Cora-ation well. This well is  
losing from 500 to 600 barrels a day  
of an emulsion of which over 50 per  
cent is water.

With the Maricopa Consolidated  
company's well it is said conditions  
are even more serious; that the drill  
into the oil sand and water has been  
drilled to a depth of 100 feet without  
effort being made to shut off the  
water. This was months ago, and  
now the sand has been entered the oil  
sand. The water commissioner says he is help-  
less, as such cases, and no money is  
available to go ahead with the work  
remaining of the water.

Several weeks ago, prior to the  
general session of the legislature,  
the oil operators of the Westside  
of the Coalinga field, appointed  
committees to present the water men-  
ace to the legislature, and ask for  
the attention of the State solons  
the urgent necessity of quick action.  
This was done, but the Governor  
has included any recommendation  
in his call for the special ses-  
sion. The Water Commissioner has  
been asked by voluntary contributions  
to the legislature, but has been un-  
able to do anything in the cases  
now cited.

**LITTLE SESPE LAND.**  
**HAMMON SECURES IT.**  
It is reported that W. P. Hammon  
of San Francisco, who has handled  
the oil deal in that county for some  
time, has paid the purchase price of  
\$200,000 for 3200 acres in the Little  
Sespe district, south of the White  
River property, and not far from the  
city of Fillmore.

The sale was made by the Vento-  
Development Company, but was  
made by L. G. Faulkner and  
J. A. Martin. The price was paid  
in cash, and it is supposed the work  
of development of oil will start at once.  
Some of the land has heretofore  
been drilled. English capitalists are  
expected to be interested.

**PETROLEUM EXPORTS.**  
**OF ENORMOUS VALUE.**  
The exports of crude petroleum  
and its products in 1911 from the  
United States, as shown by the Bu-  
reau of Statistics, amounted to  
\$2,444,920, valued at \$98,112,735.  
This was divided among  
various grades as follows:

Grade. Value.

## Santa Paula Rancho

Dairy Land in the Center of a  
Proven Dairying District

There are two classes of men who should investigate Santa Paula  
Rancho lands thoroughly. The first is the dairyman and the  
rancher who wants good land in a proven and prosperous locality;  
the second is the investor who wants income earning real estate  
that will yield 9 to 12 per cent. in annual cash rentals without  
personal attention or supervision—and in addition to this cash  
return will show a steady increase in sales value.

Buy Now in California's Coming Dairying Center

This land is today all ready for occupancy. It is leveled, irrigated and either planted  
to alfalfa or grain or ready for planting.  
We urge you to buy Santa Paula Rancho lands now and get the benefit of the  
Spring crops, which will soon be coming into maturity.  
When you buy Santa Paula Rancho land, an assured supply of gravity water is  
deeded with it. Laterals, built to and across every one of the 80-acre tracts, bring the  
water direct to your land. The only charge for water is \$1.50 per acre for the number  
of acres actually irrigated.

Kings County is one of California's established dairying centers, and Santa Paula  
Rancho will soon be the very center of Kings County activity, because of the splen-  
did transportation facilities and markets, established water supply and rich soil.  
Kings County farmers work under ideal conditions of soil, climate and water—and these conditions are found at their best at Santa  
Paula Rancho, where we are now offering 3500 acres of level land that is practically all in cultivation, either grain or alfalfa.  
If you are interested in learning further about Santa Paula Rancho lands, fill out the coupon in this advertisement and mail it  
to us today. We have just published a very handsome folder which goes thoroughly into the details of this property—gives you  
facts and figures of a very vital character.

**WHO IS HIS BENEFACTOR?**  
From Some Mysterious Source  
Money Has Come to Man Accused  
of Having Robbed Canadian Bank.  
Charles Dean, alias Hoffman, who  
is held in the County Jail awaiting  
extradition papers from the Canadian  
government, to have him removed to  
New Westminster, B. C., for trial on  
the charge of having robbed the  
Westminster Bank on December 17,  
last of \$217,000, will make a deter-  
mined fight against his removal.

The accused man from some mys-  
terious source has come into posses-  
sion of considerable money. The pre-  
liminary examination of Dean is to be  
held before United States Commis-  
sioner Van Dyke on March 5, and it  
is official orders Dean returned to  
Canada for trial, the matter will be  
carried to the Secretary of State, the  
President, or the Supreme Court of  
the United States, if necessary, his  
attorneys assert. The defense will  
hinge about a question of identity.

It is alleged that the warrant for  
Dean's arrest was issued on affidavits  
signed by a woman with whom the  
prisoner used to board in Vancouver,  
and several others who knew him  
while he lived in that city, with an  
utter lack of any testimony connect-  
ing him in any way with the robbery.  
Three large trunks containing the  
clothes of Dean are now in the pos-  
session of the United States Marshal.  
For several weeks he seemed to be  
almost penniless, but the fact that he  
has made such preparations for his  
defense seems to indicate he has been  
supplied with funds.

**IN THE NICK OF TIME.**  
Fireman Discovers Canning In-  
cidental Plant and Burns His Shop.  
Upon the discovery of an incendiary  
plant intended to destroy a barber  
shop at No. 2211 East Ninth street,  
Giuseppe Zerbo, the proprietor, was  
arrested early yesterday morning and  
held on the charge of suspected in-  
cendiarism.

A deliberate attempt had been made  
to burn the place. Patrolman J. D.  
Cornwall saw the reflection of a  
lighted candle in the window as he  
passed the shop. Wishing to ascer-  
tain the source of the light, he forced  
an entrance through a rear door.  
In the back room the officer found  
a candle stuck in the bottom of a box  
in which a large amount of oil-satur-  
ated paper had been deposited. Fuses  
made of the same material led to a  
large jardiniere filled with gasoline.  
Other trails of inflammable material  
led to several spittoons and another  
large jar, all of which had been filled  
with gasoline. As the candle had al-  
ready burned within an inch of the  
oil soaked papers the officer hastily  
threw the box into the street before  
making a further investigation.

After satisfying himself that arson  
had been contemplated the policeman  
retired to the home of Zerbo at No.  
2205 Enterprise street and placed the  
barber under arrest. The latter de-  
nied having been at the shop during  
the evening. The officer, however, re-  
membered having seen him leave the  
place less than an hour previous to  
the discovery of the burning candle.  
The prisoner admitted that there is  
\$400 insurance on the furniture and  
three barber chairs but alleged that  
the value of the place was more than  
\$1600, a statement which is not cred-  
ited by the police.

Mrs. Herbert M. Peery,  
Who was hostess at one of this week's smart opera parties.

**MISS JOSEPHINE LACY** of Wilshire boulevard will soon issue invitations for a tea party to be given in compliment to Miss Edna Letta, daughter of Mr. and Mrs. Arthur Letta of Hollywood, whose engagement to Malcolm McNaughten was announced last week. About 125 guests will be asked for the afternoon of February 26 and the young hostess, who will assist as bridesmaid at the Letta-McNaughten wedding, will be assisted in receiving by Mrs. William Lacy, Mrs. Letta, Miss Genevieve Patterson of Spokane, Miss May Rhodes, Miss Pauline Vollmer, Miss Ruth Larned, Miss Vivian Cantu, Miss Gertrude Cantu, Miss Eileen Canfield, Mrs. Raymond Bradford, Miss Winifred Maxon and Miss Virginia Walsh.

**Mrs. Chandler Entertains.**  
Mrs. Leo Chandler of No. 627 West Twenty-third street charmingly entertained Miss Grace Mollus and her bridal party at luncheon yesterday. Bridal decorations were used entirely.

**In Italy.**  
Mrs. Dan McFarland, with her daughter, Miss Sally, were enjoying the sights in Italy when last heard from. Their journey will be concluded in April.

**Mrs. Smith Hostess.**  
Mr. and Mrs. Pearl Hawley Smith of Wilshire boulevard entertained informally with a luncheon, Sunday, having as guests Sir Henry and Lady Blount, of Ireland and Col. and Mrs. P. B. Turner, U.S.A., of San Francisco.

**In the North.**  
Mr. and Mrs. W. A. Clark, Jr., are visiting in the northern part of the State.

**For Mrs. Stephens, Jr.**  
Pleasant among affairs of this week was the opera matinee party presided over by Mrs. Herbert M. Peery, who complimented Mrs. Albert M. Stephens, Jr. Others who responded to invitations were Mrs. Moye W. Stephens, Mrs. Carrie Jacobs Bond, Mrs. J. L. Phillips, Mrs. Ward Chapman and Mrs. George Hewes Ross.

**Daughter's Engagement.**  
Mr. and Mrs. Charles Cobb of No.

concluded with an elaborate luncheon with covers for Mrs. George B. McDonald, Mrs. Pearl Labadie, Miss Anona Hall, Miss Edna Williams, Miss Margaret Witt, Mrs. Paul A. Opp, Mrs. M. Lassen and Miss Hazel A. McNeil.

**Parr-Derr Wedding.**  
At St. Vincent's Church Monday morning, Miss Alma Parr, daughter of F. H. Parr, became the bride of Frank J. Derr, son of Mr. and Mrs. John Derr, the Rev. Father McDonnell officiating. Miss Norine Derr, sister of the groom, assisted as maid, and J. Kane was best man. The bride wore a gray tailored suit and carried a bouquet of pink rosebuds. The wedding music in charge of Miss Marie O'Brien, consisted of wedding marches and other appropriate selections. Breakfast was served at the home of the groom's parents.

**Surprise Party.**  
A surprise party was given last week by members of the Fifty We Club in celebration of the fourteenth wedding anniversary of Mr. and Mrs. J. P. Groves at No. 3141 Wilshire boulevard. Mrs. C. Richmond, L. E. Spahr and Mr. and Mrs. C. D. Hall were guests. Others present were Mr. and Mrs. Wright, Conklin, Mr. and Mrs. John Hogg, Mr. and Mrs. C. M. Marlean, Mr. and Mrs. M. Ingerson, Mr. and Mrs. E. B. Franchou, Mrs. Spahr, C. Richmond and Miss Rena Ingerson.

**Betrothal Announced.**  
The engagement of Miss Ethel Harpstone of Seattle to Francis R. Groves was announced recently at a tea party given at the home of Mrs. E. S. Groves. The bride-elect is the daughter of Mr. and Mrs. Harpstone, who are spending the winter in Los Angeles.

**In Yokohama.**  
A cablegram has been received announcing the safe arrival in Yokohama of Mr. and Mrs. Nathan Blanchard, Mrs. Sarah Blanchard, Mrs. America Johnson, Miss Katherine Johnson, Miss Sada Johnson and Mrs. C. H. Dick.

After visiting the interesting places of Japan, the party will continue to China, Manila, the Strait Settlements, Colombo, India, Arabia, Egypt and Europe, joining in Europe Mrs. C. Modini-Wood, who sailed from New York on the 26th inst. and the Misses Florence and Elizabeth Wood and Mrs. W. H. Perry, who left on a similar tour around the world, attending the Durbar in India.

**Miss Simpson to Wed.**  
Mr. and Mrs. Joseph DuBois Simpson of No. 725 South Union avenue formally announce the betrothal of their daughter, Miss Dorothy Field Simpson to Rex Giffen Hardy, son of Mr. and Mrs. Carlos S. Hardy of this city. The wedding will be solemnized in April.

To keep in touch with our windows is to keep in touch with the new things that are being produced in the important jewelry markets of this country and Europe.

You will find it worth your while to leave crowded Broadway—to see and enjoy new and dignified things presented in a dignified way.

This store must be considered as more than a merely commercial institution. It is rather the exhibit place of the newest and most unusual productions of the jewelry world.

Depending as we do, largely upon European markets for many of our wares, we invariably show the new productions months in advance of stores that depend entirely upon American markets.

## ROADS LEAD TO GIPSY SMITH

Street Car Conductor Makes the Discovery.

Evangelist Scores Quitters Who Rush for Coach.

Greatest Noon Meeting on Pacific Coast.

All roads lead to Gipsy Smith. A passenger boarded a Main-street car last night and asked the conductor if he went to Shrine Auditorium. "Yes, that's as far as we go and Gipsy Smith will show you the rest of the way," was the reply.

The evangelist got the story from a man who heard it, and the latter was so much pleased by the suggestion that he accompanied the information with \$10 toward the expenses of the meetings.

The great auditorium was completely filled again last night, there being fully 4000 people present, and the strong personal appeal of Mr. Smith sent inquirers to the rooms by hundreds. The big chorus of 650 voices under Prof. Stout also did exceptional work last night, while the solo of Gipsy Smith, the choir singing an obligato, was especially fine.

The personal workers and pastors of the various churches will meet at Shrine Auditorium this evening at 8:15, under the leadership of Dr. Brounger, and at 8:45 they will be addressed briefly by the evangelist. Dr. Brounger called for a full attendance.

There has been a disposition on the part of some of the people who occupy seats on the outer rim, especially in the gallery, to leave the house as soon as the sermon is over, and last night the evangelist warned them in advance.

"I have been in the business long enough to know," he said, "and I don't believe it is the unconverted

**Great Chorus Singing at Gipsy Smith Evangelistic Meetings, Shrine Auditorium.**

The chorus, organized and under the direction of Prof. Stout, and led by two pianos in the hands of Mrs. Potts and Mrs. Chase, contains six hundred and fifty voices, gathered from practically all the churches of the city. Gipsy Smith said yesterday that it promises to be the best choir he has had. The sopranos and altos are in a compact body on the central platform, the tenors on the left balcony and the basses on the right balcony, the effect being to fill the immense hall with harmony. The singing is a great factor in the work of the campaign.

## BUYS SEVEN AUTOMOBILES AND PENSIONS HORSES.

Thus Has John S. Cravens, the Pasadena Millionaire Golfer, Queered Himself Forever With John Peters, Coachman—Stable Has Been Turned Into a Wonderful Garage.

BY R. A. WYNNE.

THIS is the story of John Peters, able coachman who loves horses and owns some really automobiles. It is also the story of the passing of perhaps the most famous private stable of horses outside of the string of "Lucky" Baldwin in Southern California.

John S. Cravens of Pasadena, has decided to pension his stable of famous horses and substitute for them smooth-running, glittering, powerful and silent motor cars.

Already the transformation has been partially wrought. The great three-story Gothic stable which was located in the rear of the beautiful estate of Mr. Cravens on Orange Grove avenue, Pasadena, have been ruthlessly cut in two and are being moved 100 yards to the rear, where they are being fitted up as an automobile garage.

A flock of workmen is busy on the scene. One-half of the stables, which are of brick and frame superstructure, has been moved to the new site. The other half is awaiting its turn.

The scene is a busy one, but it has little joy for John Peters, able coachman.

SEVEN AUTOMOBILES. In a small one-story brick building adjacent to the great stables which have housed some of the most famous blue ribbon winners of the last few years, six new automobiles are housed. A seventh Mercedes machine is now en route from Germany to Pasadena. It will complete the battery of motor cars which Mr. Cravens will use.

In a field of several acres which is deep with grass, five blue-blooded horses have been turned loose and nevermore will harness or saddle be placed upon them.

This field is a store's throw from the new garage, which will house the smelly automobiles.

Half way between the new garage and the field, where the pensioned horses have been turned loose is the little cottage of John Peters.

The determination of Mr. Cravens to drop his use of horses entirely was arrived at a few weeks ago and is the result of a gradual weaning away from his blooded animals by the new and insidious motor car.

COACHMAN IS SAD. John Peters has been with Mr. Cravens for twelve years. He has driven and cared for the famous animals which have won blue ribbons in New York horse shows and Pasadena shows.

He knows every horse as though it was a brother. They know him as well.

His grief at the passing of his favorites has been soothed to a great extent by the knowledge that they have been pensioned and that they will live on the fat of the land until they depart for that happy hunting ground of all good horses.

These have all been placed on Mr. Cravens's pension list and have been turned out to graze for the rest of their days.

"You see," said John Peters as he walked toward the inclosure where the five pensioners romped about, "these boys kind of realize that their working days are over and they are careless like."

The horses came storming up toward John Peters as he entered the field. They gathered around him like children. They nosed into his

WHIFFS FROM THE OLD SPORT PIPE. Some one seems to have carelessly mislaid one A. Attell, a boxer.

And that's the last heard of him. Championship belt or by the ticket for the same.

Abe started for the Coast a week ago, and then mysteriously disappeared. He has been reported that he hopped off the train at some tank town in Illinois for the purpose of consulting a "natural" bone-setter as to the condition of the arm that he said he had to have the dope put in.

Another little blessing has been added to the family of Kid Solomon. Benny announced it with a beaming grin at the fight headquarters.

"My wife had another one," he said with ecstasy. "It's a girl. We haven't named her yet because we haven't found out what saint's day she was born on. I always name them after the saints."

The Solomons have three little ones now, two girls and a boy. Benny might have been a fighter of renown but for the fool who nearly killed him for the weight down for his sorry fight with Abe Attell.

What was done to Kid Solomon in that training camp was little short of murder in the first degree.

pouring in here, they are all going to be yelling for land."

Wedding Bells. Something sounds like wedding bells around Roger Cornell's training quarters at the athletic club.

She is a charming young lady and something of an athlete as well.

Freddie Sick of It. Freddie Welch is getting sick of prize fighting. There's no doubt about it.

Part of his grouch on the game is due to the fact that he can't seem to get any good fights, and whenever he does get a date, somebody sprains something and the fight doesn't come off.

But I think the another reason altogether. Freddie has been reading good books and studying.

Freddie has always intended to open a big health resort somewhere in the California mountains as soon as he gained the world's championship; but he will probably go right ahead with it now, without waiting for the championship. He tells me that he is looking over some sites in the Glendale hills, back by La Cresenta.

As Welch is a bright little fellow of real charm and brains, his project would probably succeed.

Will Train Beavers. Frank Schmieder, former trainer of the Cleveland baseball club of the American League, and also trainer of the Portland champions of last season, will again whip the Beavers into shape for the 1912 pennant race.

Schmieder, who is a native of Los Angeles, has been connected with the Beavers since the close of the 1911 baseball season. He was trainer and manager of the team.

## DE WITT VAN COTT'S COLUMN.

Since Tom Jones has taken charge of Frankie Conley, he has changed the system of training him.

When Conley fought Joe Rivera the first time, there never was a fighter entered a ring in better condition.

But the last time he was stale if ever a fighter was. It would, perhaps, have made no difference in the result of the fight, but Conley was not as good as I have seen him.

Most of these so-called trainers know little else than to rub a fighter, and give the same amount of work to each and every man that they handle without regard to their condition at the start.

The first thing to do with any athlete is to see that his mind is in good condition, and the only way to do that is to have him contented and without any worry of any kind.

This is not always an easy thing to do. Conley, as game as he is, no doubt worried over his defeat by Fivens.

After the first fight he was all confidence, but that was owing more to the fact that he was in great condition, than to the fact that he made a good showing.

## SELECT SITE FOR ROLL-OFF.

Western Bowling Congress Comes Soon.

Consolidated Realty Building the Place.

Eight Thousand Dollars in Prizes Offered.

Members of the Los Angeles Bowling Tournament Association met yesterday afternoon at Levy's Cafe and selected the basement of the Consolidated Realty building, sixth and Hill streets, as the place for holding the sixth annual tournament of the Western Bowling Congress.

The tournament will be held from February 16 to 25, both inclusive, and will be played on six new alleys which will be installed by the Brunswick-Balke Collender Company. Manager Fred Simpson of the above-named company says he will have the work started in the morning, and they intend to install six continuous maple alleys with the latest loop-the-loop returns and Backus metal pin spotters.

All the pins used in the coming tournament will be carefully selected as to weight, in fact, all the equipment used will be of the best quality and must necessarily be regulated to conform with the Western Bowling Congress rules.

The Consolidated Realty building is centrally located and that portion of the building selected for the tournament is especially desirable because the alleys can be placed in the center of the room, allowing seating space on both sides and front. The dressing and meeting-room facilities are all that could be desired.

Bowling not only in Los Angeles, but throughout the United States is thriving as never before in the history of the game, and all indications point to a record-breaking meet. Secretaries Jenkins and MacKenzie state that each mail brings in additional entries and present indications are that fully 5000 bowlers will participate in the coming event. Undoubtedly the magnet which is drawing the large number of entries from all over the country is the large prize list. The first prize of \$2000 is the largest ever offered by a bowling association. The complete prize list totals \$2250, which will be divided as follows:

Five-men team—First prize, \$2000; second prize, \$750; third prize, \$400; fourth prize, \$250; fifth prize, \$150; sixth prize, \$100; seventh prize, \$50; eighth prize, \$25; ninth prize, \$10; tenth prize, \$5; eleventh prize, \$2; twelfth prize, \$1; thirteenth prize, \$1; fourteenth prize, \$1; fifteenth prize, \$1; sixteenth prize, \$1; seventeenth prize, \$1; eighteenth prize, \$1; nineteenth prize, \$1; twentieth prize, \$1; total, \$1415.

All events, nine games—First prize, \$100; second prize, \$75; third prize, \$50; fourth prize, \$25; fifth prize, \$15; sixth prize, \$10; seventh prize, \$5; eighth prize, \$2; ninth prize, \$1; tenth prize, \$1; total, \$335.

Conley, as game as he is, no doubt worried over his defeat by Fivens. After the first fight he was all confidence, but that was owing more to the fact that he was in great condition, than to the fact that he made a good showing.

In his second fight he did not show as well. This has to doubt worried him since and Jones is going about the thing in the right way to bring him around again.

The best training some fighters can do after a long siege of training, when they are training for a fight, is a long rest; and it takes a man that understands how to train, to do these things.

## RYAN THINKS HE HAS SPEEDY CRAFT.

RYAN A. P. SIGHT WIRE TO THE TIMES NEW YORK, Jan. 30.—John J. Ryan of Cincinnati expects that the International Motorboat cup will be defended at Huntington Bay next summer by his new boat, the Reliance.

He is at the Motorboat Show here this week with the new Hydropla, said to be the speediest craft ever built in America.

"My old Reliance, which beat the Dixie at Buffalo, was good for thirty-seven miles an hour," explained Mr. Ryan. "The new boat, Reliance VI, will make better than forty-seven miles an hour under racing conditions. We have tried out the Dixie and figure in a race she is good for about forty-three miles. That is not fast enough. Perhaps some of the new boats will go faster, and the Frenchman with his 1300 horse-power motors may do wonders, but I know what my boat can do, and am willing to back her against the world."

## SCHOOLS FORM TRACK TEAMS.

"Times" Tourney Stirs Lads to Train.

Trip to Catalina Sounds Good to Them.

All Sections of City in Race for Laurels.

A score of track teams have been formed among the pupils of the city grammar schools since the first announcement of The Times track and field plan with the sight and twelfth-day vacations at The Times camp as prizes in the meet. From Garveya to Vernon and from the Westlake district to Boyle Heights the embryo champions of the track and field have taken up the mysteries of training and enthusiasm over the prospect of winning the trips to The Times' camp has given many a boy a happy hope.

In the suburban districts a like state of affairs exists. At Long Beach and Whittier the track and field teams of the day in boydom. As many of the suburban schools have only a few boys able to handle the shot and high jump, and the programme of dashes, the suburban schools have been allowed the privilege of appointing or electing their representatives in place of holding a tryout meet.

At the Highland Park school will lose many of her track stars in about ten days by graduation, but the balance of athletic inclined lads they will be able to take care of the meet. Harry Bland has been nominated for captain of the Highland Park school team and among the other members of the team that will uphold the honor of the Highland Park school are: Fred Bohlen, Foster Hopkins and Floyd Nixon. Another CHS is another aspirant for honors at the Highland Park meet.

As the Highland Park school is located within a few blocks of the Occidental athletic field, many of the boys have started training at the Tiger field. A quarter-mile run, a few tries at the high jump, a two or two at the sixteen-pound shot and the afternoon's training is over. As they are keeping regularly at it, however, the prizes have a leaning in their direction.

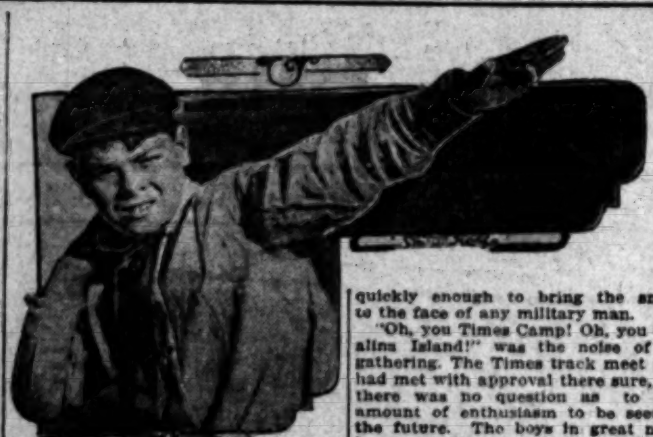

John Blewett, 11 years old, who lives at No. 3541 Vermont avenue, attends the Jefferson-street school. He is in the A sixth and is one of the leaders of the track and field enthusiasts. He spends many afternoons on the University of Southern California track and has learned a lot from the teachings of Dean B. Cromwell, the university coach. He spent the most of his time in putting the shot yesterday, but said he expected to do some work on the track as well. He wants to be an American champion in the field and is confident of taking a prize in The Times meet.

Kenneth Anderson of No. 3323 Main avenue, is another track and field enthusiast who has been picking up the words of training wisdom from the lips of Coach Cromwell. He attends the Jefferson school and is in the B 4 class. He made several trips around the university quarter-mile track yesterday afternoon, and kept up a good pace, too. He didn't seem to be as ready to drop as some of the collectors who were circling the cinder path.

Both Anderson and Blewett are enrolled in the ranks for a try at The Times trip, and have already started planning the organization of a Jefferson-school track team and the holding of a home track and field meet at their school.

If enthusiasm would make records, the older brothers of these youngsters, the college and club athletes, would do well to take a few lessons from their younger rivals. They show a zeal in organizing and planning the meet that would well adorn an older head. They seem to know nearly as much about the coaching game as some of the coaches, and can show many of the athletes of longer experience the way to start, the way to put the shot, the way to stride and the other various forms of athletic endeavor.

Among the teams that are now entered in the tourney are the Fifty-fourth-avenue school at Highland Park, the Jefferson-street school, the Thirtieth-street school, Custer-street, Grand avenue, Page military academy, the State Normal Training School, the Cambria-street school and the Norwood school.

## BOYS SHOW DELIGHT OVER "TIMES" TOURNEY.

Increasing interest in The Times Camp track meet has been shown by the boys of the city ever since the plan was first outlined in The Times, last week.

"I am sure glad that something has been started for us kids," said Frank Ray of Cambria street school to The Times Camp man yesterday. "It is all right to read about Throp and Sid Foster, but we want to get in on the athletic stuff, too."

It took just five minutes to tell how the boys were already "in on the game," with The Times, and before The Times man left the bunch of youngsters to talk the matter over, there were twenty names on the register as entries in the home meet of the school.

From Cambria the following boys were the most active in the athletic agitation of yesterday. These boys should make a good showing in the big Times meet and their home meet should be a dandy.

Frank Ray, Russell Kimball, Harry Thompson, Roland McCormick, Lee Fry, Ted Mitchell, Victor Gill, Howard Lewis, Tom Metcalf, Adolph Guyer and Woodruff Beatty, will be the backbone of the Cambria team.

When The Times Camp man appeared on the campus of the Page Military Academy, a baseball game was on between two class teams, but when the identity of the visitor became known to the boys in the uniform, the ball game was too slow for them and it was not until the stranger had left the field that the game was resumed.

"I like The Times plan very much indeed," said Prof. R. A. Gibbs, the principal of the academy. "Athletics are necessary in any school and I find that the best athletes are the best scholars. We will have a dandy track team in The Times meet and I wish to thank The Times for the opportunity this afforded our boys. I am sure they appreciate it and I know the parents are well pleased with the prospect of healthy sons."

"We have a trained athletic instructor here all the time and we place as much value upon the physical development as the mental. To be a strong man mentally, only half qualified a man for life's battles."

Jaker P. Lee, Jr., is a member of the Page squad and his brother, "Reddy," is also a coming athlete. "Fine business," said the popular rector's son to The Times Camp manager. "I like to play ball, run, shoot and do all the stunts that are good for boys. I will be in the meet if I can make it."

Tommy Tharrance has a little brother who is a cadet at Page and this little fellow already shows signs of the fine streak of athletic ability possessed by the older brother. "I don't know if I am good enough to win a trip to The Times Camp, but I am good enough to give some other fellow a run for his money and I will sure do it. I like all kinds of athletics, but this Times meet will be a peach."

Other members of the Page squad are Harry Balestine, Frank Bicar, Louis Bicar, Chester Gay, Harry Howard, Merwin Monda, Hal Nichols, Lester Preston, Charles Perkins and Lester Taylor.

The boys of the training department of the State Normal were busy with the handball and marbles (ill yesterday, but the visit of The Times Camp manager put a crimp in the marble industry and spoiled the handball. The boys had already formed plans for a track meet and when the manager explained the matter and went on to tell that no entry fee was charged, no A.A.U. registration was required and that it was all for the boy, sport for sport's sake, the lads fell in line

quickly enough to bring the smiles to the face of any military man. "Oh, you Times Camp! Oh, you Catalina Island!" was the noise of the gathering. The Times track meet plan had met with approval there sure, and there was no question as to the amount of enthusiasm to be seen in the future. The boys in great numbers were interested in the affair and they all wanted to get into the game and right away, too.

James Blood, a well set-up little fellow of 14, said: "This Times stunt is a dandy. I will run in the meet and I will do my best to win one of those Catalina trips, believe me."

"A real stunt!" asked Douglas Stahl. "Well, it is not at all bad, and I like the idea of getting a trip out of a lot of fun. Me for The Times meet."

"We have a bunch of good runners here and we will put up a good meet when we get to The Times Camp. In the big Times meet we will show some class. The fun of running in a real track meet will be great, but the boys who get to go over to The Times Camp will be lucky. I will be there if my legs are good enough to take me there," were the words of little Albert Barnhart.

Many other good little fellows were strong for The Times meet and The Times Camp, but it would take too long to tell all that was said. It is enough to know that the boys were all greatly in favor of the meet and were all very favorably impressed with The Times Camp.

The names of the training school lads after places in the meet and a trip to The Times Camp are as follows: Randall Hinton, Albert Barnhart, Edwin Baker, Marvin Burke, Bill Monroe, Jammie Raymond, Joe Hall, James Dene, Joe Wilson, James Blood, William Caldwell, Portus Baxter, Truman Moore, Gene Trent, Harlan Burdick, Fred Gilson and Tom Camp.

## OXY STUDENTS MAY GO NORTH.

That Occidental is not going to be left off the map as far as coast athletics are concerned, was definitely decided yesterday, when it leaked out that the Tigers had received an invitation to the big Coast Conference track meet to be held at Berkeley during the early part of April.

The announcement came as a surprise to the students and track men as there had been no hint of the action on the part of the management of the meet.

Things look very bright for the team to make the trip. The powers that be are said to be in favor of the trip at all costs and there is no doubt regarding the enthusiasm of the students.

Coch Pinal said that in all probability, a team would be taken north for the meet, composed of all those who had a chance to place. This would mean a team of about five men such as Bill and Bradshaw, who could be counted upon to make a good showing.

This is the chance the Tigers have been waiting for during the past five years. Fred Thompson was a man good enough to be sent to the big meet at Chicago to represent Occidental and the students are very desirous that a team be sent north this year to try and win honors for the Highland Park institution.

## LYNCH ANNOUNCES BALL CONTRACTS.

Many Candidates Out.

NEW HAVEN (Cl.) Jan. 30.—(By A. P. Night Wire.) Seventy-five candidates are out for winter football practice at Yale. Work began this week with Capt. Spalding in charge.

## AUTO SHOW SHOWS STYLE.

Color, Not Motor, Is Most Important Now.

Salesmen Make Appeal to Women Visitors.

Self-Starters Are the Latest Novelty.

CHICAGO, Jan. 30.—[Exclusive Dispatch.] Another record-breaking crowd attended the automobile show at the Coliseum and First Regiment Armory today. The aisles of the two buildings were packed with visitors. The salesmen along Michigan avenue, where displays are being held by companies which were unable to get satisfactory accommodations in the show buildings, likewise were crowded.

"This is the best show for retail selling and for closing contracts with dealers that I ever have known," said one well-known automobile man, who has attended all the Coliseum shows. "I have talked with dozens of salesmen and they tell me that the cars sold at wholesale this week will establish a new record. There are some dealers from a wider territory at the Chicago show than at the New York show, which is considered by the automobile men as a sign of the times."

The 1100 exhibits at the exposition present an array of color such as has seldom been seen. The dried rain, the painted tan, the royal heliotrope and the garish gray are a few of the shades that will be "just right" for the dealers and exhibitors at the show and its promoters declare it the greatest ever known in Chicago, predict a brighter future and elimination of the staid and quack black paint and a great increase in the number of plum colors, peach colors, canary yellows and shades varying from sky blue to pavement gray.

BEWILDERING VARIETY. While the real "auto fans" are handing out impartial advice regarding "differentials," "hooded dashes," "left hand steering," "magnum," "transmissions," "T head and long stroke motors," and the relative benefits of foreign and American cylinders, the novices much prefer admiring the strange new hues and expressing surprise on running onto the "differential," a wide band of color strikingly different from the body of the car, which adorns the hood and the hoods and the spokes of the wheels.

The Ohio Motor Car Company has a car which may be steered from both the front and rear seats. Another of the exhibiting companies has a tiny vacuum cleaner, which is one of the accessories of its housewife. A cleaner goes with each car, and is guaranteed to keep the cushions free from dust at any place in the road.

Exhibitors have decided that 1912 is to be a woman's year in the motor car industry and most of their efforts to please are made when women are prospective purchasers. Every improvement in the machines seen this season seems to have been made for women, and the salesmen and manufacturers are not backward in saying they believe their appeals will have to be directed to them. Stress laid upon the decorations and the upholstery of the cars this year, as a rule, is greater than ever before.

In former years the layman scarcely could follow the arguments of the demonstrators, for most of their talk was about the mechanical parts of the car. This season, however, almost without exception, the appeal is made to the women visitors at the show and through them to their husbands and fathers.

One of the few mechanical improvements on automobiles this season is the self-starter, of which there are more than a score being shown. Cars showing variations of this device advertise the fact that "a woman can drive the car" through its use, and sales forces have been well drilled to make their appeal.

Cardinal has an undeniable "pot stomach" and seemed to revel in the knowledge. Crown Prince, whose spotless, glossy coat has been the envy of many a horse show, boasted of a score of big burrs in his mane and a full coat of overgrown hair that reminded one of a pig's hair.

This was what affected John Peters, his beauties which he had worked over carefully hour after hour each day when they were in use and which never left his stables without displaying a crest which would reflect your face, were plainly unkempt in appearance, and it shocked his horse-loving soul to have a stranger see them in their "dehabilitated" state.

He fed them and petted them as a mother would her children and was finally dragged away.

In the temporary garage are six big automobiles of a foreign make. To one side is a machine shop in which all small repairing is done.

DISEASED MOTORS. John Peters approached the entrance and the lines of his stern face hardened. He sniffed the odor of gasoline disdainfully but did not speak.

"Here is the garage," he said shortly, and here is the machine shop. Dive into it, and he hurriedly led the way out again.

On the site of the stables a new orchard house will be erected and a conservatory of large dimensions established. The new garage when finished will be the largest private garage in the United States and will have room for a dozen cars, but only seven will suffice for Mr. Craven's use.

The crowning trial of John Peters' life has come after he learned of the abolition of the horses and the substitution of the motors, and that he must learn to be a chauffeur and drive smelly automobiles.

"Can you drive a car?" I asked John Peters, able coachman.

"Yes," he said, fiercely, "but I never thought I would come to it," and he thrust his hands deep in his pockets and stalked away toward his little bungalow, where Mrs. John Peters, stout and motherly, was anxiously watching her husband.

## OGLE BEATS BANKS OUT OF TOURNEY.

Three best Banks last night in their three-cushion match at the Nelms room on West Fourth street, and by this defeat Banks lost all chance he had at the prizes. The score was 30 for Ogle and 39 for Banks, Ogle winning because he made his handicap number of points before Banks finished his string.

The winner had a high run of 5 while 3 was the best that Banks could do. The game was very much on the safety order for it required 161 innings of play. Morse and Clark, both 40 men, are to play this evening.

pockets for sugar and playfully nipped at his shoulder and back.

The eyes of John Peters became moist as he rubbed the nose of Prince Royal or Cardinal and talked to them in their own language.

Suddenly he turned fiercely on me and I shrank from his stormy eyes. "This is not their natural color," he roared at me as he seized a handful of dun-colored hair which was profusely growing over the comfortable bodies of the thoroughbreds.

"They get careless when they are turned loose and know that they will not have to go out in public. They are a beautiful seal brown when they are ready to drive," and he rubbed energetically at the legs and necks of his pets.

It was a fact that the pasture running had made the blue-ribbon winners "careless" about their appearance.

case which, however, is in line with Attorney Rogers' statement, is the present status of the Franklin bribery case.

Samuel Davis, Franklin's attorney, and one of the lawyers who was associated with Darrow in the McNamara defense, admitted yesterday that he had not talked with Franklin for days. He said that he did not know whether Franklin had confessed or not and that, in fact, he knew nothing about what Franklin had been doing.

## WHAT OF FRANKLIN?

"I don't know what he has told," said Davis. "I haven't seen him for some time. Asst. Dist. Atty. Ford would not tell me what he had said, and so you see I know nothing about the matter. A man came in here the other day and told me he had heard that Franklin had confessed. I told him that I did not believe the story. That's the last I have heard direct from Franklin."

"Do you expect to try the Franklin case?"

"Certainly—if it is brought to trial," said Davis, meaningly.

Ford denied himself to everyone yesterday and for hours was locked in his office. He refused to answer the telephone and late in the afternoon, when he did give an interview in the corridor of the District Attorney's office, he refused to say "yes" or "no" when asked if Franklin had confessed.

"I am being kept awake nights by people who want to know whether Bert Franklin has confessed or not," he said. "I want to say now that I do not intend to discuss what evidence we have in this case. If the grand jury were not still in session I might say something, but at this stage of the proceedings, my lips are sealed."

"Will the grand jury continue its work in this case much longer?"

"Yes," said Ford, "it has quite a lot more work to do. However, for a few days it will take up other matters."

It was learned that the District Attorney's office will investigate the alleged intimidation of witnesses who were called in the McNamara, Twinn, Johanna, Clancy cases. This means that new indictments may be sought against the men who were indicted by the Federal grand jury on a charge of illegally shipping dynamite and that these indictments will be sought on murder charges.

It was also pointed out that there are four or five "John Doe" indictments for murder hanging over the heads of certain persons and these may be used. They were returned, but were not used at the time that James H. and John J. McNamara were indicted.

Says Browne.

## "DARROW'S MEN BETRAYED HIM."

"CLOSEST FRIENDS" CALLED THE SOURCE OF INDICTMENT.

Chief County Detective Makes Starting Statements—Defense Offices Full of State Spies—Bought Their Own Men—"Darrow Present at Franklin's Arrest."

Clarence Darrow's own methods of dealing with his employees is partially responsible for his present position as a man charged with a grave crime, according to Chief Detective Browne of the county's Bureau of Criminal Investigation. Browne declares further that Darrow's offices were "honeycombed" with detectives of the State from the time the defense began its work until the dynamite confessed. Darrow was present when Bert Franklin was arrested, Browne said.

"There appears to be no further need of keeping this quiet," said Browne yesterday. "I was warned long before Darrow got here how the detective force of the defense would operate. We had word from reliable eastern sources that jurymen would be bribed and that the defense would be filled with detectives. Darrow's offices were filled with detectives in our employ. Darrow is a shrewd lawyer, but he has one great failing—that of being too 'close-fisted' with his help."

## BOUGHT THE SLEUTHS.

"Where a man needs to pull off crooked deals, it pays to be liberal. Now that the case is practically over as far as this case is concerned, it will do no harm to say that several of Darrow's supposedly trusted men came to me for money. I slipped them some, but asked no favors. Pretty soon these men began giving me information. Later they would 'come across' with more."

Browne said that he allowed the defense to think from the start that he was blind to many of their games, while he was watching every move. With abundant funds at his hands for the employment of detectives, Browne spread his men in Labor Temple, as well as in Darrow's office and field force. He got reports from the first of attempts to bribe talemen and this particular line was closely watched by a number of experienced men whom Browne could trust.

Browne said that Darrow approached Franklin on the morning of the latter's arrest. "I thought Bert was going to tell me something to my employer," said Browne, "so I pushed my way between them. I shoved Darrow partly to the street. He didn't have much to say and turned on his heel and walked away. I followed him on the other side of the street. I then placed Franklin under arrest."

Darrow will make his second appearance as a man charged with a crime in a court of justice tomorrow morning when arraigned in Department Ten. Judge Conroy presided at the proceedings day before yesterday, and it is possible that he will hear the case in its various phases. It is also stated that Judge Willis may be asked to take charge. Asst. District Atty. Ford was in consultation with Judge Willis yesterday noon, but neither would say what the talk was about.

## FOR STRONG DEFENSE.

Attorney Rogers is making a tremendous effort in behalf of his client. It is realized that the case will attract national attention, as Darrow is generally regarded as the leading lawyer of the labor union and has pressed many labor cases in the courts. Besides the Haywood trial at Boise, Idaho, and the McNamara case here.

who got up and go out. I'll tell you who it is. It's the church members who want to catch the first car, and that's the meanest kind of selfishness."

## NO FAITH CURE FADDISTS.

He took his theme from the casting out of devils by Jesus, in the course of which he said: "I'm no faddist on faith cure. Thank God, I've never been sidetracked on any side issue. The greatest miracle is that God saves a sinner. I'm no faddist, but listen and I will tell you when the last bit of physical pain and sickness will stop, and that is when humanity has sense enough to allow God to come in, and through his son, Jesus Christ bid the devil come out."

"Some people say there is no devil. But if there isn't there's a good deal that's like one. When men come to tell me you don't believe there is a devil, then I'll tell you when the last bit of physical pain and sickness will stop, and that is when humanity has sense enough to allow God to come in, and through his son, Jesus Christ bid the devil come out."

"Oh, if I could inspire you Christian people—some of you—with the thought that Jesus Christ is Lord over the devil. Some of you sit as though you thought the devil was on the throne. You go about apologetically and saying: 'Don't be offended by me, I please come to our church.' Come out!"

"He said, 'Little girl, arise.' If he hadn't said 'little girl,' they'd all have come to see which one he meant, and there'd have been a general resurrection."

"If there is a man here who has not Christ in his heart, he is not and never can be what he would have been if he had come to Christ in his youth. The best thing you can do with a bad job is to begin now. Give him what's left."

He spoke most tenderly of Christ as the Savior of women and children. "God bless the children," he said. "The first time I knelt at the communion rail, when I was a boy of 18, I heard an old fellow say: 'He don't amount to anything. He's the gipsy boy.' I said, 'Oh, God, nobody wants me.' That old man didn't know that that little bit of clay had something in it that was destined to move the world."

## GREAT NOON OUTPOURING.

With policemen guarding all parts of Temple Auditorium, with policemen leading people from the doors and with other policemen guarding the inside entrances to prevent the possibility of anybody else getting in, the midday meetings began in the "Theater Beautiful" yesterday, and will be held there each day from 12 to 1.

This is the greatest noonday meeting I have ever addressed on the Pacific Coast," said Gipsy Smith, both dejected and inspired by the great audience that rose up before him.

On the preceding day the Adolphus Theater, seating 1,600 people, was thought to be sufficiently large to accommodate the hurried crowd of noonday listeners, but the result, with a house almost three times as large, was practically the same.

delay for another week, but Reed, Topham and McKenna declared there was too much delay already and demanded action. On the selection of the three men the vote was unanimous though Andrews warned the four new members, who stood together on the selections, that he would not responsibility to them. Andrews, Lusk and Whiffen said the men were not acquainted with the men proposed as investigators.

The men selected are all qualified by education and experience for the task. Cobb is an engineer with thirty-one years' record, including many big achievements. He has offices in the Central building, where Edward Johnson, another engineer, also has offices. Warner is an electrical engineer with offices in the Security building.

Cobb is a Worcester, Mass., Polytechnic School graduate. He came here twelve years ago, on Third street, home at Whittier. He has built five of the largest tangential water wheels in the world in California and Idaho, and he has laid out some of the largest irrigation systems in California and Oregon. Since he came here he has gained largely in the school of practical experience, from linemen and motorman up. He has held positions of responsibility with the Westinghouse company, managed the electrical construction of the Dominion Iron Company's \$12,000,000 plant at Cape Breton, Nova Scotia.

## DEATH SITS IN CHAIR.

Insurance Agent Passes Away While Signing Checks—Coroner to Make Investigation.

Charles A. Mennig, a well-known insurance agent with an office in room 212, Grant building, died in his chair yesterday afternoon while signing checks in payment of claims.

Dr. W. H. Mayne was summoned. He found Mennig beyond human aid and gave as his opinion that death had been caused by heart disease.

Deputy Coroner Williams ordered the body taken to Pierce's mortuary, where it will be kept until the coroner's inquest, which is expected to be held tomorrow.

Dr. Mayne asserted, however, that Mennig had frequently complained of heart trouble and that he had been unable to sleep at night with any degree of comfort owing to intense pain in the cardiac region. At the Mennig home, No. 1670 Roosevelt avenue, it was stated that no information regarding the death of Mennig would be made public.

Mennig leaves a widow. He was about 52 years old, and came to this city from Buffalo, twenty years ago. Since that time he had been engaged in business both here and in Pasadena, and had a large circle of friends and acquaintances. The funeral arrangements were not completed last night.

Biggest Colonist Travel Expected This Spring.

Settlers Coming from East and Europe.

Freezing Weather Elsewhere Helps This Section.

"These are advance reports on the prospective movement of colonists on the one-way rates, which are to be in effect for six weeks, beginning March 1," said Vice-President McCormick, head of the traffic department of the Southern Pacific, in his office in the Pacific Electric building yesterday afternoon. He referred to a voluminous correspondence file which he had been reading.

"The railroads on the Pacific Coast are making a great advertising campaign to induce settlers to come here and they are coming by hundreds from this country and Europe. I think that the situation justifies the prediction of the largest movement of colonists since the one-way rates were inaugurated. Our lecturers have been busy in the 'frozen belt' showing pictures of the sunny Southland and tons of advertising literature has been shipped to all parts of this country, and to our colonization department in Europe.

"We get our best results from advertising in publications of various kinds. We would surprise you to know how much good we get out of a line of advertising which to some might seem trivial. A copy of the Los Angeles paper showing bathers on the beach always draws an inter-

ested crowd when displayed in our ticket office windows in the cold belt, and every day we have posted, telegrams in these cities showing the temperature in Los Angeles, together with telegrams announcing outdoor affairs, such as a band concert in Golden Gate Park in San Francisco or the aviation meet in Los Angeles. In all the eastern cities telegrams are displayed containing the apparently inconsequential news fact that Pasadena is having a rose tournament. It isn't done for the purpose of advertising these particular affairs, but to call attention to the fact that something is going on out of doors out here. It is by persons who are compelled by cold to keep indoors or when they go outdoors are muffled up over their ears."

The selling dates for colonist tickets this year are extended fifteen days longer than usual. Last year the dates were from March 10 to April 16. This year they will be on sale from March 1 to April 15. The rates established are the same as last year, being \$25 from Missouri River points, \$32 from the Mississippi and \$33 from Chicago, with a corresponding increase or decrease as the case may be from points east and west.

### MUCH ICE USED.

According to reports just completed, 226,115 tons of ice was used in California last year by the Pacific Fruit Express Company. Of this amount 134,945 tons were manufactured at the plants in Colton and Roseville. The remainder comprises small lots purchased in towns where the company has no plant, part of it being naturally frozen.

The Pacific Fruit Express Company operates the refrigerator-car service of the Harriman lines, and this enormous quantity of ice was used during the fruit-shipping season ending October 31 last. During this period in 1911 26,221 cars were loaded at Roseville and 11,184 at the Colton plant. The average number of cars loaded each day during the season at Colton was sixty and at Roseville, 134. The company used in this State last year for this purpose 1,467,433 cakes of ice, each 39 inches long, 22 inches wide and 11 inches thick. Each cake weighs 300 pounds, making a total of 220,115 tons, which would require 11,000 freight cars to transport it, or a train ninety-two miles long.

## WILL SEND STEAMSHIPS.

(Continued from First Page.)

quite a future for French trade in this country. I think from what I have heard and seen that our population are much alike. I want to emphasize the fact that have been made here and repeat that one of the reasons for the wealth of France is that the French have recognized the fact that permanent wealth is not always gained by getting rich quick. But then, that need not apply so exactly to Southern California, for you have so much greater resources to draw from.

"At this time I want to make public some of the suggestions that I shall make upon my return to France, which I have said nothing about as yet. But you have given me such a hearty welcome, and I feel that you are all such good friends, that I cannot help mentioning them."

"I shall invite the French navigation companies to increase their services. They are a little backward. I hope that the French navigation companies, after what I shall tell them, will connect their lines to the West Indies with new ports on this Coast and I hope that an enormous new route will be formed."

"I believe that a city like Los Angeles, and a port like San Pedro, is destined to be the center of one of the most important fields of transportation in the world. I shall endeavor to get three permanent lines (naming those above) to build right away, the ships to trade between France and the Panama Canal and points on this Coast, and I expect that French capitalists will be really much interested to investigate the project of a new French navigation company."

Present at the dinner were Dr. Burdette (transportation), President James A. H. Scherer of Throop, E. Gibson, A. P. Fleming, R. D. Davis, F. W. Kellogg (who is entertaining the noted Frenchman), H. W. Brundage, A. J. Bertoneau and D. M. Linnard.

### EUROPE'S WAR PROBLEM.

Casimir-Perier's address at Throop in the forenoon drew a large attendance. The auditorium was crowded. After a few brief statements relative to the impressions received by

a visit to the harbor at San Pedro he took up his subject, "The War Problem of Europe."

In words which showed a remarkable breadth of knowledge concerning international affairs he told of the positions in which the powers of Europe have been placed in regard to Constantinople. He said, in part: "The war problem of Europe is still an existing one. You must realize that even the largest of European countries is small when compared with yours. Turkey has been the leading cause of wars in Europe for four centuries. Constantinople is a fortress and it is the key to Asia. The only reason that the city has remained in the hands of the Turks is because of jealousy between the other powers of Europe. The equilibrium between the powers and Constantinople has been exactly kept. Now, what shall become of it? If the Turks prove unfit to stay there, I believe Europe will have to create a new power rather than give any of the existing ones permission to stay there."

"It is not easy to say now when this question will be settled. It is not merely a question of conquest, but a political question."

"I myself think the questions that occasion talk of war in Europe will come to be settled in a more civilized way. I still hope that the influence of this great country may be for Europe a good example."

"I shall speak at 11 o'clock tomorrow morning at a meeting of the Civic League of Pasadena in the Hecce Maryland in that city. His subject will be, 'What Women Have Done to Advance Civilization.'"

### New Steamship Service.

The Union Steamship Company of New Zealand has advised A. M. Culver, the agent in Los Angeles, that the twin screw S. S. Manuka will be placed on the run from San Francisco to Sydney, via Wellington, about May 1. The Manuka is one of the largest and best vessels owned by the Union line and the placing of her in the San Francisco-Sydney service will be a great addition.

### Angelo Promoted.

E. K. Garrison, commercial agent of the Chicago, Milwaukee and St. Paul Railroad at Los Angeles, has been promoted to district freight agent and transferred to Portland, to take effect February 1.

## AFTER CONNORS.

(Continued from First Page.)

exemption from prosecution of grand jury witnesses under certain conditions, was violated.

Judge Willis stated that the question was a serious one and ought to be passed upon by the Appellate Court. He ruled against the defense. It thereupon took its exceptions in such a form as to present the legal construction of the statute to the higher court.

At 11 o'clock, Connors was called to the witness stand. He appeared collected and smiling. After several preliminary questions, Attorney Davis began a series of interrogatories that called for negative answers. According to the testimony of Joe Bishop, a detective in the employ of S. L. Browne, Connors took Maple, Bender and Bishop to the basement of the Labor Temple on the afternoon of September 8, 1910, and showed them two sticks of dynamite that he had concealed back of the furnace.

"I didn't see Bishop in the afternoon," said Connors. "I saw him in the evening at the King Edward Bar. I never showed any dynamite to Bishop, Maple or Bender."

### CONNORS'S STORY.

The witness then gave his version of his doings on the day he is alleged to have laid his plans for an attempt to wreck the Hall of Records. He said he went from his boarding-house at Sixth and Ceres avenue in the morning and walked to a downtown bar. After having several drinks he says he went home. After remaining around the house some time he again went out and got some more liquor. He explained Mrs. Ella Musgrave, his landlady, had wanted him to take her to Venice that evening.

"Later she said I had been drinking too much," grinned the witness, "and refused to go anywhere with me. So I went to Labor Temple."

"I looked around the pool-room there, but didn't see any of my friends so I went out. I stopped at the Maple Bar and had some drinks. Then I went to the King Edward Bar and drank some more. There I met several friends. I left them about 10 o'clock and went to a clubhouse near Second and Main. After leaving there I walked over to Broad-

way and then up to Franklin. There I turned onto New High street. I was on my way to see a woman who lives on New High street. I stopped in the alleyway of the Hall of Records for a minute. A police officer was standing there. After talking with him, I broke away from him and ran up the alleyway. I fell with the officer almost on top of me. I was taken to the police station and booked as a "drunk."

CONNORS DENIED HAVING EVER TALKED about his plans with Parks in April, 1911. According to the prosecution's detective, Connors had told of his narrow escape at the time he was arrested in the Hall of Records alleyway, but declared the police "had nothing on him."

"Did any such conversation ever occur?" asked Davis. "I never took Parks into my confidence," added the witness. "You had nothing to tell him, you queried the attorney."

"Of course not," replied Connors. "I never knew about any dynamite or any plan to blow up the Hall of Records."

To account for the dodging about of the defendant after he returned to Los Angeles from the Needles in May, 1911, the defense endeavored to show that Parks wrote to Connors that he had a good job for them both in Seattle and to meet the writer at Labor Temple.

"Parks met me there and told me the detectives were after me," testified Connors. "I had nothing to fear, but Parks told me that they could put me in jail for six months or a year and that I had better keep out of sight."

Connors then gave his version of the trip to the beaches and his retreating at various places under an assumed name. He explained writing a letter to George Gurney, St. organizer of the Structural Ironworkers, asking for money to leave town, by saying that Parks suggested the letter and dictated it to him. Connors said he would never have thought of such a thing himself.

The cross-examination will be resumed this morning.

## SECRETARY SNOW EMPHATIC.

State Health Officer Notifies Riverside School Board That Vaccination Laws Must be Enforced.

(BY A. F. NIGHT WIRE TO THE TIMES.) RIVERSIDE, Jan. 30.—Secretary Snow, of the State Board of Health, arrived here today from Sacramento, and at once went to the rescue of the local health board in its fight over the compulsory vaccination order, as relating to the public schools.

Dr. Snow said he wanted it explicitly understood that not only in Riverside, but in every other city in the State, the vaccination law was plain and that it would be enforced. Later in the day a meeting, attended by the Mayor, members of the Council, and many prominent citizens, was held. Agitation over the matter subsided today to an appreciable extent.
